More POWs Returned

CLARK AIR BASE, Philippines (AP) — The Viet Cong released 34 more prisoners of war in Hanoi today, including the only foreign woman held by the Communists, and a U.S. Air Force hospital plane brought them to Clark Air Base for a presidential welcome.

President Ferdinand E. Marcos was on hand because two Filipino employees of the Voice of America were among those freed, along with 27 American military men, three American civilians and two West German medical workers.

One of the Germans was nurse Monika Schwinn, 30, who was captured near Da Nang April 27, 1969.

It was the second prisoner release in two days. On Sunday, the North Vietnamese freed 106 Americans and two Thais in Hanoi.

First off the plane today was the ranking American military member of the group, Army Capt. Stephen R. Leopold, 28, of Milwaukee, Wis.

"My God, you don't know how good it is to be free, how good it is to be home," he said in a brief speech.

The POWs were dressed in the same gray shirts and dark slacks that other prisoners who have returned from Hanoi have worn.

All but one of the American military men smartly saluted the American flag before stepping down the ramp to be greeted by Marcos, Adm. Noel Gayler, commander in chief of U.S. forces in the Pacific; U.S. Ambassador Henry A Byroade, and the commander of the 13th Air Force, Lt. Gen. William G. Moore Jr.

Marine Sgt. Frank E. Cius Jr., 36, who was captured June 3, 1967, saluted Gayler as he stepped down but not the colors. He was the only POW to be released so far for whom the military has not announced a home town. They said this was done at the request of his family.

Also on the flight were five members of the armed forces radio television network captured in Hue during the Tet offensive on Feb. 3, 1968.

They were Marine Capt. James V. Dibernardo, 38, of Mission Viejo, Calif., commander of the unit, Army Spec. 5 Jose M. Astorga, 22, of San Diego, Calif.; Army S.Sgt. John A. Deering, 30, of Durham, N.C.; Army S.Sgt. Harry L. Etmueller, 29, of Pleasantville, N.J.; and M.Sgt. Donat Joseph Gouin, 44, of Lima, Ohio.

The three American civilians were Clodeon Adkins, 57, of Homeland, Calif., Michael Dennis Bengé, 37, of

Heppner, Ore. and Lawrence J. Stark, 37, of Chicago, Ill. All were captured during the Tet offensive in 1968.

Miss Schwinn, who was working for the Maltese Aid Service Mission when she was captured, managed a brief smile as she stepped into the glare of the television lights.

The formality that had marked the first part of the arrival quickly disappeared as the two men were smothered in the arms of their families. Balagot was greeted by his wife and all eight of his children.

The North Vietnamese and Viet Cong now have freed 299 Americans since the Jan. 28 cease-fire. Today was the first time the Viet Cong have released any prisoners at Hanoi, their previous release of 20 Americans on Feb. 12 occurred north of Saigon.

The Communists still hold 286 Americans, all of whom are to be released by March 28.

All the U.S. airmen freed Sunday appeared healthy as they stepped from the three planes that brought them from Hanoi. They celebrated their freedom at Clark Field's 270-bed military hospital by calling wives and family members in the United States and devouring huge amounts of steak, fried eggs and ice cream.

Several of the freed POWs also held a 15-minute religious service in the hospital's Red Cross lounge shortly after arrival.

"We returned from war to freedom only America can give," Navy Cmdr. Eugene B. McDaniel, 41, of Virginia Beach, Va., said in a sermon during the service.

"It is futile to be sad or glad about things which might not come.... When adversity comes, take it patiently with the helping hand of God."

Officials said the sermon was prepared by McDaniel last week after he learned there would be a delay in the group's release. The men had been scheduled for release last Tuesday but were delayed by a disagreement over implementation of the cease-fire terms.

Operation Homecoming officials said the group freed Sunday would spend about three days in the Philippines before flying to the United States.

President Nixon.

In Washington, the State Department said the plane would arrive at Andrews Air Force Base about 4 p.m. EST. The two diplomats will be buried in Arlington National Cemetery.

The eight guerrillas, members of the Black Septemberist faction of the Palestine liberation movement, were held at a Khartoum army headquarters.

President Numeiri cabled President Nixon that he would deal firmly with them. "We find the killing of these men outrageous," he said.

A 31-point outburst by Craig Pontius and a fantastic display of team shooting were the key factors as the Teays Valley Vikings stunned the Circleville Tigers, 91-70, to win the lower bracket of the Class AA Groveport sectional Saturday afternoon before a crowd of about 2,000 at the Fairground Coliseum in Columbus.

The aroused Vikings peppered the nets from all angles as they hit on 36 of 57 shots from the floor for an unbelievable 63.2 per cent. The deadly accuracy carried over to the charity stripe where the Blue and Gold converted 19 of 25 for 76 per cent.

Circleville put the ball up 75 times from the field and rang the bell on 27 occasions for a mark of 36 per cent. The Tigers connected on 16 of 23 from the foul line for 70 per cent.

It was Pontius, the lefthanded blond smoothie, who put the Viking express in motion as he directed the attack which kept the Tigers off balance in the contest. He hit from outside, threaded his way inside for driving

layouts and continually hit his teammates with passes for buckets.

The sharpshooting junior guard connected on 10 of 14 from the hardwood and added 11 of 13 attempts from the free throw line to pace the victory.

But a Viking team effort was the downfall of Circleville. Jim Logsdon added 14 points to the Viking attack. Jay Brinker had 13, Jerry Sabine 12, Terry Collins 10, Jeff Anderson nine and Terry Lambert netted two.

Dan Graham came up with a fine effort to pace the Tigers with six buckets from the floor and nine tosses from the foul line for 21 points, Greg Hoskins tallied 16, Dave Truex had 12, John Ankrom seven, Doug Radabaugh six, Glen Gillespie four while Robin Martin and Kris Kline each had two.

The battle of the boards went to Teays Valley 45 to 33 with Logsdon and Pontius leading the way. Truex and Graham went to the boards hard for the Tigers. The Vikings committed 21 turnovers in the game while the Tigers misplayed the ball 16 times.

The game was marred early in the fourth quarter when tempers flared

and Truex, Hoskins and Martin of Circleville were ejected from the contest.

The first period began as expected between two evenly matched teams and the period ended with Teays Valley holding a 19-15 edge. Logsdon, Sabine and Anderson were the marksmen for the Vikings while Truex and Hoskins and Graham furnished most of the offense for the Tigers. The Tigers grabbed their only lead in the game early in the period when they held a 5-4 advantage.

But the Vikings came right back to move in front and although the contest was tied several times the Tigers couldn't break on top.

Ankrom hit a bucket and a free throw to open the second canto and cut the gap to 19-18 but Brinker hit on a pair of jumpers to put Teays Valley out in front, 23-18.

Logsdon drew his third foul midway through the second frame and Coach Bob Hoover put him on the bench for the rest of the half.

Circleville took advantage of the break and knotted the count at 30-30 with 3:39 left in the period. But it was the last dying breath of the Tigers as Pontius, who hadn't scored a bucket in the first frame, went to work. The tow-headed whirlwind began to rip the cords from all angles as he put 12 points on the scoreboard in the final three minutes and the Vikings went to the dressing room with a 48-36 lead.

From there on it was the Vikings ball game as they hit on jumpers, tapped in missed shots and continually found the open man under the bucket. Circleville pulled within 11 points, 55-44, with 5:05 left in the third quarter but the Vikings smelled victory and battled their way to a 65-51 lead at the third period buzzer.

The trouble erupted with 6:02 left in the game and Pontius stepped to the charity stripe and calmly netted five straight technical foul shots to run the Teays Valley margin to 76-51 and put the game out of reach of the Tigers.

From there on it was just a matter of what the final score would be as the Vikings had the sectional title all wrapped up.

Circleville finished with one of the finest records in the schools history putting a 15-5 mark in the record book.

Teays Valley is now 14-6 for the season and will meet Licking Valley, 13-7, 8:30 p.m. Wednesday in the opening round of District tournament at the Columbus Fairgrounds Coliseum.

France Faces Hot Political Runoff Vote

PARIS (AP) — France plunged into a week of political trading today after the Communist-Socialist alliance made the expected strong gains at the expense of President Georges Pompidou's Gaullists in the first round Sunday of the National Assembly elections.

The embattled Gaullists were trying to enlist the support of the centrist Reform Movement and other nonleftist opposition groups for the runoff next Sunday. Communist and Socialist leaders were working to swing Socialist voters behind the Communist candidates in districts where the latter ran ahead.

Most Gaullist bigwigs were elected Sunday or went into the runoff, but that meant little.

The returns from the first round were comparable to those in the first round of the 1967 elections, which the Gaullists came out of with a majority of only one vote. They were way below the Gaullist landslide in 1968, after the May student riots, when droves of frightened French voters turned to President Charles de Gaulle to save them.

The Communists and Socialists took 40.5 per cent of the vote Sunday to 38.1 per cent for the Gaullists and their allies and 12.5 per cent for the Reform Movement. The Gaullist share was 44 per cent in the first round in 1968 and 38.3 in 1967.

Favored by districting that benefits conservative candidates and by the Communists' and Socialists' running separately in the first round, 48 candidates of the Gaullist coalition got the majority needed for election Sunday, compared with only eight Communists and one Socialist. But the Gaullist showing was even less than in 1967, when they won 62 seats on the first round, and way below the 144 they got in 1968.

Any candidate getting 10 per cent of the vote in the first round can stay in for the second, when only a plurality is needed for election.

Bishop Hossu died in 1970, and relations have since improved between the Vatican and Czechoslovakia's Communist government.

The Pope also announced that he may make provision for representatives of the Synod of Bishops to sit with the College of Cardinals in its

Shriver Says Many OEO Programs Can't Be Killed

WASHINGTON (AP) — The first general in the war on poverty says the Nixon administration may bury the Office of Economic Opportunity in a pauper's grave but hasn't the guts to kill its successful offspring.

Sargent Shriver, most recently the 1972 Democratic vice-presidential candidate, rejected the epitaph of near-total failure he said the administration is trying to write for OEO.

The antipoverty agency is headed for official extinction July 1 by its new and presumably last director, Howard Philips, 32, a man who says OEO was founded on a Marxist idea—treating the poor as a class and not as individuals.

Phillips has said the agency acted as a challenge to order, that it fomented resentment, strife, and challenges to law and encouraged founding of militant groups among the poor.

And President Nixon has said that OEO and other arms of former President Lyndon B. Johnson's Great Society attempted to cure the problems of the nation in an "inexhaustible flood" of federal money.

The President, said Shriver, "has got a political jargon which I think will tend to mislead a lot of people. He says these programs have failed. And he produces no proof except that his own mandate has failed."

Bishop Hossu died in 1970, and relations have since improved between the Vatican and Czechoslovakia's Communist government.

The Pope also announced that he may make provision for representatives of the Synod of Bishops to sit with the College of Cardinals in its

conclaves to elect a new pontiff. Such conclaves heretofore have been confined exclusively to the cardinals.

The day's schedule included the private consistory at which the Pope notified the college of its new members, the public consistory at which the new princes of the church pledged loyalty and obedience to the pontiff and received their red hats from him and a mass at which the Pope was to present the new cardinals their sapphire rings.

In the past, each of these has been held on a separate day. But Pope Paul, having already eliminated such consistory trappings as sword bearers, gentlemen in waiting and special robes, reduced the pomp of the occasion more by concentrating them in one day.

Three Americans were among the new cardinals — Archbishops Luis Aponte Martinez, 50, of San Juan; Timothy Manning, 63, of Los Angeles; and Humberto Medeiros, 57, of Boston. Archbishop Aponte is the first Puerto Rican cardinal.

It was the fourth consistory in the 10-year-old reign of Pope Paul, and it brought younger men and more nations into the church's senate which elects its popes. It also raised the total membership of the Sacred College to 145 cardinals, its largest in history.

The practice of keeping the identity of new cardinals secret by naming them "in pectore," or within the pope's breast, has been used from time to time when their public designation might endanger their safety.

President Jaafar al Numairi assigned Minister of Reform Abdul Rahman Abdul Ilah to accompany the bodies of Noel and Moore and to present Sudan's condolences to

President Nixon.

In Washington, the State Department said the plane would arrive at Andrews Air Force Base about 4 p.m. EST. The two diplomats will be buried in Arlington National Cemetery.

The eight guerrillas, members of the Black Septemberist faction of the Palestine liberation movement, were held at a Khartoum army headquarters.

President Numairi cabled President Nixon that he would deal firmly with them. "We find the killing of these men outrageous," he said.

A high-ranking member of the

Sudanese government told diplomats privately: "The guerrillas are already dead men."

More than 100 paratroopers surrounded the embassy Sunday as the eight Palestinians, described as between 19 and 25 years old, emerged from the building flashing victory signs.

In a statement issued in Beirut, Black September said the guerrillas surrendered "because of the high esteem we hold" for Numairi.

"We leave them in trust in his hands," the statement said. "We are confident they will be treated as true revolutionary fighters."

Armed with machine guns, grenades and revolvers, the guerrillas invaded the embassy during a reception Thursday night and demanded the release of a number of Palestinians held in various countries. It soon became apparent, however, that their chief goal was freedom for guerrilla leader Mohammed Daoud Odeh and 19 other members of the Palestinian movement under death sentence in Jordan.

None of the terrorists' demands were met, and King Hussein of Jordan on Sunday confirmed the death sentence against Daoud and his associates.

Nixon Seeks \$2.3 Billion For New Community Grants

WASHINGTON (AP) — Declaring that the cities' hour of crisis has passed, President Nixon says he wants \$2.3 billion for broad community-development revenue-sharing grants to state and local government.

In a radio speech Sunday previewing a special message to be submitted to

the Senate and House this week, Nixon said his latest budget eliminates seven urban-development programs and suspends four housing programs he described as outmoded and ineffective.

To replace these, he urged Congress to enact a "Better Communities Act," saying:

Returnees Catch Up With World

CLARK AIR BASE, Philippines (AP) — A freed prisoner of war on the flight from Hanoi whispered to a nurse, "Is the mini still in?"

"No, it's out," the nurse replied.

"Shucks, I was hoping...."

"The micro-mini is in now. So is the braless look. See-through blouses with no bras."

"Oh, you don't say...."

"And there's hot pants. They're short-shorts."

"Oh, boy, oh, my goodness...."

The 106 U.S. servicemen inside the C141 StarLifter flying them to freedom from North Vietnamese prisons Sunday talked, talked, talked about themselves and what had happened since 1966 and 1967. The report of their words came from Air Force sources who asked that their names not be used because of the tight security around Operation Homecoming.

A cluster of men huddled around a Playboy magazine.

"Hey, find some nudes. I understand they have some real, real nudes now!" The centerfold spilled out.

"Hey, there's one. Ohhhhh, boy. I can't stand it. I really can't stand it."

Others read Sears' catalogs.

"It was like we heard. Flare pants and long hair," said a 42-year-old Navy pilot. He said the POWs had received Western magazines recently after their release was set.

One man sought out an escort officer. "Have you heard if President Nixon is going to see us? That man is a saint. You don't have any idea of how we supported him in this war. We cheered as the bombs fell."

All the men in one camp knew of the hopes for peace in October. The POWs had been gathered together in a hall at the camp, and a North Vietnamese officer read the proposed accords. Then he gazed out at the expectant men in their blue prison garb.

"However...." he said, letting the word hang.

PCSE Board Elects Officers

Board members who were elected at the annual dinner meeting of the Pickaway County School Employees Federal Credit Union for the coming year chose officers at the regular March meeting in the home of Drema Scott.

Officers elected were: Doris Gillespie, president; Robert Gregory, vice president; Georgia Dore, Secretary; Mildred Davis, treasurer.

Other members of the board are Richard Fisher, Vic Dillon and Elizabeth Beatty. The Credit Committee meets regularly with the board each month and consists of Ethel Grooms, Virgie Vauss and Vica Dillon.

Vera Steinhauer, Rosalie Jackson and Joyce Brethard will serve on the supervisory committee. Membership in the PCSE credit union is available to all Circleville City and Pickaway County school employees.

Van Gundy Takes OU History Exam

Jeff Van Gundy, a senior at Circleville High School, took part in the finals of Ohio University's annual American History Contest this past weekend.

Van Gundy was Pickaway County's representative in the competition for a four-year scholarship to Ohio University and cash prizes. However, he did not rank among the top 25 finalists chosen from the 100 students taking part in the elimination test given on the university campus.

The CHS student received the county's nomination as a result of his score on a preliminary exam given in late January. He earned the highest test rating of any Pickaway County student taking the exam.

In addition to the exam, Jeff and other students were taken on a tour of the campus, attended a concert or play and were honored guests at a Saturday brunch.

He was born Oct. 3, 1892 in Lawrence County, the son of Alvin Thomas and Minnie Bennett Martindill.

A retired horse trainer and farmer, he was a member of the American Legion and U.S. Trotting Association.

His wife Iris Cook Martindill preceded him in death in 1969.

Surviving him are a son, John Martindill Jr., of Williamsport, and a brother, Ernie Martindill, Washington C.H.

Services will be 1 p.m. Tuesday at the Defenbaugh Funeral Home with Rev. J. A. Mathias officiating. Burial will be in Springbank Cemetery, Yellowbud.

Friends may call beginning 7 p.m. Monday at the funeral home.

"This aid will have no strings attached as long as it is used for community development. Your local leaders can go on spending it the way Washington was spending it if they like. But they would also be free to work out better plans without having to get Washington's approval."

Touching on other points that will be covered in the message, Nixon said: —"I propose that our states and communities be given the right to use a designated portion of the Highway Trust Fund for capital improvements in urban public transportation, including improvements in bus and rapid rail systems.

—"In the field of housing, we must stop programs that have been turning the federal government into a nationwide slumlord. One of my highest domestic priorities this year will be the development of new policies that eliminate waste and target aid to genuinely needy families.

—"Another key recommendation is our \$110-million proposal to help state and local governments build up their administrative skills and planning expertise."

—Nixon called for the third year in a row for creation of a new "Department of Community Development" to "hold together programs which are now scattered among different departments or agencies."

The President, who taped the speech, flew to Camp David, Md., Sunday with his personal secretary Rose Mary Woods, and his Florida neighbor, Bebe Rebozo, for an overnight stay.

on the basis of those bids received last week.

Ralph Neal, vocational school director, noted that apparent low bidder among the general contractors was a Bellfontaine firm, Knowlton Co., with a \$1,428,200 bid. Other base bids in competition for the contract are Central Ohio Construction, Columbus, \$1,501,246; John Hall Co., of Bryan, \$1,431,000 and King Co., Jackson, \$1,485,000.

Three firms submitted bids for kitchen equipment; seven bid for the electrical contract and 13 submitted bids for mechanical construction, which includes heating, air conditioning and plumbing.

Neal, Superintendent Paul Hydel and the architects will meet earlier Tuesday to determine the best contract offer to recommend to the board at 8 p.m.

"We were concerned about the increase in prices and labor since 1970 when our plans for construction and the bond levy were drawn up," Neal said. However, all bids came within the cost estimated by architects and construction should be complete by the September, 1974 opening planned for the new school.

PPG Manager Attends Seminar

James M. Butler, manager of the Circleville plant of PPG Industries, will attend a two-day PPG executive seminar in March on key national issues of 1973.

The seminar will feature participation by leading government, media and association representatives, and panel discussions by PPG executives. It will be held in Williamsburg, Va., March 11-13.

The purpose of the seminar, "Management Conference on Government: National Issues and PPG — 1973," is to familiarize company executives with national issues which may affect industry in 1973 as well as to provide a forum for discussion of those issues.

In addition to Butler, PPG personnel participating will include divisional and corporate executives as well as other plant managers.

Deputy Plans Charges In Destruction Case

Pickaway County Deputy Sheriff Lowell Ferguson announced today that charges will be filed against a Kingston area and a Circleville man concerning an incident of malicious destruction of property.

The incident occurred on the Don Humphrey farm, Route 1, Kingston. The two men took an auger feed truck and struck a gate and a pumphouse. Damage was estimated at \$85. Assisting Ferguson with the investigation was Special Deputy Richard Hartinger.

PLANNING TOUR — Mr. and Mrs. Ernest (Bud) Enoch (left) look at an array of world flags with Marshall Krisner, Elanco representative, and George Hamrick (right), Pickaway County Agricultural agent.

Pickaway Farmer, Wife To Leave On European Tour

Ernest Enoch, Route 1, winner of the Ohio Soybean Grower's Contest, and his wife Margaret, will leave on the tour of Denmark, Norway, Hungary and France Wednesday.

The Enochs have been awarded the trip by Elanco-Treflan Soybean Champions Tour. Enoch's yield of 52.8 bushels per acre topped all other entries in the state's official soybean production contest.

Mr. and Mrs. Enoch will join 23 other state champion couples on the two-week visit to major soybean-importing countries. During the tour the champions' group will host special presentations in each country honoring government and soybean industry officials for help in furthering the use of U.S. soybeans. Sponsor of the tour is Elanco Products Company, manufacturer of Treflan soybean herbicide.

In 1972, Ohio soybean growers produced over 130 million dollars worth of soybeans for export. A major purpose of the tour award is to encourage the use of high yield practices to push Ohio's soybean income even higher.

Enoch combined several good management practices to produce his winning yield, which was double the 1972 Ohio average.

"Adding aeration to the soil was the major reason for a good crop of beans," Enoch said. "Soil tests showed my soil lacked this micronutrient."

"I've been very dissatisfied with seedbeds prepared in once-over operations, so in 1972 I decided to do each operation separately." Enoch fall-plowed the winning field, disked it twice and then harrowed and planted May 24.

His variety was SRF 400. "With a new air planter, I got near perfect distribution and placement of the seed. I don't think I could have done any better by hand," he said. The beans were planted in 30 inch rows at 45 pounds to the acre.

He rotary hoed once and cultivated twice.

The winning field was harvested on October 27. George Hamrick, Pickaway County Agricultural Agent, verified the yield.

Enoch reported very little harvest loss. "If I lost any beans, it would be at the header on the lower pods. Fortunately, I got most of my crop out before it really got wet last fall," he said. Third time is the charm! For the last three years, Enoch has harvested an average of 55 bushel beans per acre on his contest acres.

"Last year I harvested my best crop of beans at 56 bushels, but the Ohio winner had over 60 bushels," he commented. In 1972 Enoch may not have had his highest yield, but his 52.8 was good enough to top Ohio.

Enoch generally puts his corn on his poorer ground and his soybeans on his best soil. "I raise soybeans as my main crop and corn second; the ratio is about 60-40, soybeans," he stated.

Enoch plans to increase his soybean production next year. "I sold my beans for \$4.16, and that's a heck of a price. I don't think beans will be that high next year, but prices will still be strong." Enoch considers 15 bushels per acre beans at \$3.00 a bushel his break even point.

"Beans have been very good to my family and I think the American Soybean Association has done a fantastic job of marketing. I think this is the reason why we have \$4 beans today," he stated.

Enoch farms about 600 acres. In addition to soybeans, he grows corn, wheat and pasture. He also owns a

feeder pig operation.

First stop of the tour is Denmark, where the soybean champions group will tour the harbor where shiploads of U.S. soybeans are unloaded. They will also inspect a large soybean processing plant and visit modern Danish livestock and poultry farms which depend heavily on soybean meal for protein in feed.

During a one-day trip to Oslo, Mrs. Enoch will serve as co-hostess at a luncheon honoring the founders of a unique soft soy margarine merchandising project in Norway.

A visit to the 28,000 acre Babolna state farm will be the highlight of the soybean champions' visit to Hungary. The Babolna farm uses 10,000 tons of U.S. soybean meal annually in swine and poultry rations.

At St. Nazaire, the Enochs will see France's newest soybean processing plant. Nearby, World War II German submarine pens provide storage for the unprocessed soybeans.

Later, in Paris, the group will meet with oilseed and feed industry officials to assure them of America's interest in supplying soybeans to the French people.

Throughout the tour, special attention will be paid to the foreign market development programs sponsored by the American Soybean Association and the U.S. Department of Agriculture.

On March 22, the Enochs will return home to start planning their 1973 soybean crop.

Elanco has announced that the winner of the 1973 Ohio soybean contest will go to Japan, Hong Kong and Taiwan. Information on the 1973 contest is available at county agents' offices, and from the Ohio Soybean Association.

Sheriff Investigating 3 House Burglaries

The Pickaway County Sheriff's Department is investigating the burglaries of three homes that occurred in Pickaway, Saltcreek and Washington Twps. during the weekend.

Nearly \$200 was taken, mostly in small change, from the homes. The department also investigated an unsuccessful attempt to gain entrance to the home of Gene Gilpen, Route 1, New Holland.

"Hey, there's one. Ohhhhh, boy. I can't stand it. I really can't stand it."

Others read Sears' catalogs.

"It was like we heard. Flare pants and long hair," said a 42-year-old Navy pilot. He said the POWs had received Western magazines recently after their release was set.

One man sought out an escort officer. "Have you heard if President Nixon is going to see us? That man is a saint. You don't have any idea of how we supported him in this war. We cheered as the bombs fell."

All the men in one camp knew of the hopes for peace in October. The POWs had been gathered together in a hall at the camp, and a North Vietnamese officer read the proposed accords. Then he gazed out at the expectant men in their blue prison garb.

"However...." he said, letting the word hang.

PCSE Board Elects Officers

Board members who were elected at the annual dinner meeting of the Pickaway County School Employees Federal Credit Union for the coming year chose officers at the regular March meeting in the home of Drema Scott.

Officers elected were: Doris Gillespie, president; Robert Gregory, Vice president; Georgia Dore, secretary; Mildred Davis, treasurer.

Other members of the board are Richard Fisher, Vic Dillon and Elizabeth Beatty. The Credit Committee meets regularly with the board each month and consists of Ethel Grooms, Virgie Vauss and Vica Dillon.

Vera Steinhauser, Rosalie Jackson and Joyce Brethard will serve on the supervisory committee. Membership in the PCSE credit union is available to all Circleville City and Pickaway County school employees.

Van Gundy Takes OU History Exam

Jeff Van Gundy, a senior at Circleville High School, took part in the finals of Ohio University's annual American History Contest this past weekend.

Van Gundy was Pickaway County's representative in the competition for a four-year scholarship to Ohio University and cash prizes. However, he did not rank among the top 25 finalists chosen from the 100 students taking part in the elimination test given on the university campus.

The CHS student received the county's nomination as a result of his score on a preliminary exam given in late January. He earned the highest test rating of any Pickaway County student taking the exam.

In addition to the exam, Jeff and other students were taken on a tour of the campus, attended a concert or play and were honored guests at a Saturday brunch.

Friends may call beginning 7 p.m. Monday at the funeral home.

"This aid will have no strings attached as long as it is used for community development. Your local leaders can go on spending it the way Washington was spending it if they like. But they would also be free to work out better plans without having to get Washington's approval."

Touching on other points that will be covered in the message, Nixon said: —"I propose that our states and communities be given the right to use a designated portion of the Highway Trust Fund for capital improvements in urban public transportation, including improvements in bus and rapid rail systems.

—"In the field of housing, we must stop programs that have been turning the federal government into a nationwide slumlord. One of my highest domestic priorities this year will be the development of new policies that eliminate waste and target aid to genuinely needy families.

—"Another key recommendation is our \$110-million proposal to help state and local governments build up their administrative skills and planning expertise."

—Nixon called for the third year in a row for creation of a new "Department of Community Development" to "hold together programs which are now scattered among different departments or agencies."

The President, who taped the speech, flew to Camp David, Md., Sunday with his personal secretary Rose Mary Woods, and his Florida neighbor, Bebe Rebozo, for an overnight stay.

on the basis of those bids received last week.

Ralph Neal, vocational school director, noted that apparent low bidder among the general contractors was a Bellfontaine firm, Knowlton Co., with a \$1,428,200 bid. Other base bids in competition for the contract are Central Ohio Construction, Columbus, \$1,501,246; John Hall Co., of Bryan, \$1,431,000 and King Co., Jackson, \$1,485,000.

Three firms submitted bids for kitchen equipment; seven bid for the electrical contract and 13 submitted bids for mechanical construction, which includes heating, air conditioning and plumbing.

Neal, Superintendent Paul Hydell and the architects will meet earlier Tuesday to determine the best contract offer to recommend to the board at 8 p.m.

"We were concerned about the increase in prices and labor since 1970 when our plans for construction and the bond levy were drawn up," Neal said. However, all bids came within the cost estimated by architects and construction should be complete by the September, 1974 opening planned for the new school.

PPG Manager

Attends Seminar

James M. Butler, manager of the Circleville plant of PPG Industries, will attend a two-day PPG executive seminar in March on key national issues of 1973.

The seminar will feature participation by leading government, media and association representatives, and panel discussions by PPG executives. It will be held in Williamsburg, Va., March 11-13.

The purpose of the seminar, "Management Conference on Government: National Issues and PPG — 1973," is to familiarize company executives with national issues which may affect industry in 1973 as well as to provide a forum for discussion of those issues.

In addition to Butler, PPG personnel participating will include divisional and corporate executives as well as other plant managers.

Deputy Plans Charges

In Destructuion Case

Pickaway County Deputy Sheriff Lowell Ferguson announced today that charges will be filed against a Kingston area and a Circleville man concerning an incident of malicious destruction of property.

The incident occurred on the Don Humphrey farm, Route 1, Kingston. The two men took an auger feed truck and struck a gate and a pumphouse. Damage was estimated at \$85. Assisting Ferguson with the investigation was Special Deputy Richard Hartinger.

PLANNING TOUR — Mr. and Mrs. Ernest (Bud) Enoch (left) look at an array of world flags with Marshall Krisner, Elanco representative, and George Hamrick (right), Pickaway County Agricultural agent.

Pickaway Farmer, Wife To Leave On European Tour

Ernest Enoch, Route 1, winner of the Ohio Soybean Grower's Contest, and his wife Margaret, will leave on the tour of Denmark, Norway, Hungary and France Wednesday.

The Enochs have been awarded the trip by Elanco-Treflan Soybean Champions Tour. Enoch's yield of 52.8 bushels per acre topped all other entries in the state's official soybean production contest.

Mr. and Mrs. Enoch will join 23 other state champion couples on the two-week visit to major soybean-importing countries. During the tour the champions' group will host special presentations in each country honoring government and soybean industry officials for help in furthering the use of U.S. soybeans. Sponsor of the tour is Elanco Products Company, manufacturer of Treflan soybean herbicide.

In 1972, Ohio soybean growers produced over 130 million dollars worth of soybeans for export. A major purpose of the tour award is to encourage the use of high yield practices to push Ohio's soybean income even higher.

Enoch combined several good management practices to produce his winning yield, which was double the 1972 Ohio average.

"Adding manganese to the soil was the major reason for a good crop of beans," Enoch said. "Soil tests showed my soil lacked this micronutrient."

"I've been very dissatisfied with seedbeds prepared in once-over operations, so in 1972 I decided to do each operation separately." Enoch fall-plowed the winning field, disked it twice and then harrowed and planted May 24.

His variety was SRF 400. "With a new air planter, I got near perfect distribution and placement of the seed. I don't think I could have done any better by hand," he said. The beans were planted in 30 inch rows at 45 pounds to the acre.

He rotary hoed once and cultivated twice.

The winning field was harvested on October 27. George Hamrick, Pickaway County Agricultural Agent, verified the yield.

Enoch reported very little harvest loss. "If I lost any beans, it would be at the header on the lower pods. Fortunately, I got most of my crop out before it really got wet last fall," he said.

Third time is the charm! For the last three years, Enoch has harvested an average of 55 bushel beans per acre on his contest acres.

"Last year I harvested my best crop of beans at 56 bushels, but the Ohio winner had over 60 bushels," he commented. In 1972 Enoch may not have had his highest yield, but his 52.8 was good enough to top Ohio.

Enoch generally puts his corn on his poorer ground and his soybeans on his best soil. "I raise soybeans as my main crop and corn second; the ratio is about 60-40, soybeans," he stated.

Enoch plans to increase his soybean production next year. "I sold my beans for \$4.16, and that's a heck of a price. I don't think beans will be that high next year, but prices will still be strong." Enoch considers 15 bushels per acre beans at \$3.00 a bushel his break even point.

"Beans have been very good to my family and I think the American Soybean Association has done a fantastic job of marketing. I think this is the reason why we have \$4 beans today," he stated.

Enoch farms about 600 acres. In addition to soybeans, he grows corn, wheat and pasture. He also owns a

feeder pig operation.

First stop of the tour is Denmark, where the soybean champions group will tour the harbor where shiploads of U.S. soybeans are unloaded. They will also inspect a large soybean processing plant and visit modern Danish livestock and poultry farms which depend heavily on soybean meal for protein in feed.

During a one-day trip to Oslo, Mrs. Enoch will serve as co-hostess at a luncheon honoring the founders of a unique soft soy margarine merchandising project in Norway.

A visit to the 28,000 acre Babolna state farm will be the highlight of the soybean champions' visit to Hungary. The Babolna farm uses 10,000 tons of U.S. soybean meal annually in swine and poultry rations.

At St. Nazaire, the Enochs will see France's newest soybean processing plant. Nearby, World War II German submarine pens provide storage for the unprocessed soybeans.

Later, in Paris, the group will meet with oilseed and feed industry officials to assure them of America's interest in supplying soybeans to the French people.

Throughout the tour, special attention will be paid to the foreign market development programs sponsored by the American Soybean Association and the U.S. Department of Agriculture.

On March 22, the Enochs will return home to start planning their 1973 soybean crop.

Elanco has announced that the winner of the 1973 Ohio soybean contest will go to Japan, Hong Kong and Taiwan. Information on the 1973 contest is available at county agents' offices, and from the Ohio Soybean Association.

Sheriff Investigating

3 House Burglaries

The Pickaway County Sheriff's Department is investigating the burglaries of three homes that occurred in Pickaway, Saltcreek and Washington Twps. during the weekend.

Nearly \$200 was taken, mostly in small change, from the homes. The department also investigated an unsuccessful attempt to gain entrance to the home of Gene Gilpen, Route 1, New Holland.

County Easter Seal Unit Attends State Meeting

Members of the Pickaway County Easter Seal Society for Crippled Children and Adults were among the nearly 400 volunteers attending the 11th Annual Easter Seal Campaign Kick-Off Meeting in Columbus on Sunday.

Pickaway County received special recognition for having the largest attendance of 33 delegates.

The luncheon program was highlighted with an address by Professor Neil A. Armstrong, Ohio's own renowned astronaut and the 1973 Ohio Easter Seal Campaign Chairman. In addition, a special visit by Ralph Edwards, host of the popular syndicated television program "This Is Your Life" honored the volunteers attending. Edwards is serving as the 1973 National Easter Seal Chairman and will appear in a major capacity in the 1973 National Easter Seal Telethon to be aired in early April.

Other special guests at the meeting included Major General and Mrs. Dana Stewart. General Stewart is the Adjutant General of the Ohio National Guard which has adopted the Society as a project of their ongoing Community Actions Program. Representatives of the Guard will participate in various capacities throughout the state as volunteers for the Society in fund-raising and direct service programs to handicapped children and adults in their own community.

Eugene P. O'Grady, director of the Ohio Department of Highway Safety and Mrs. O'Grady also attended the meeting. He spoke to the delegation with a special challenge to exceed all previous years accomplishments. O'Grady is now in his second year as the Ohio Governmental Chairman for the Society and has been very active in the Easter Seal Home and Highway Safety program.

Jimmy Crum, popular sports director of WLWC-TV, Channel 4, Columbus, the "voice of the Bengals and Ohio State", Sports Chairman for the Ohio Easter Seal Campaign, and Campaign Chairman for the Franklin County Society, was the master of ceremonies for the luncheon. Jimmy's enthusiasm for the Society and the children at the Franklin County Easter Seal Center has been contagious in the past few weeks as he reminds viewers of the current program.

A full program of committee meeting, workshops and seminars were held on Saturday and Sunday prior to the luncheon finale. Volunteers attending from Pickaway County were: Mr. and Mrs. Eugene Conkel, Brian Conkel, Mr. Richard Plum, Mr. and Mrs. Robert Cullums, Mrs. John Kerns, Mrs. Robert Daub, Mr. and Mrs. Robert Ely, Mrs. Howard Clark, Mr. and Mrs. Rex Wood, Mr. and Mrs. Richard Warren, Sue Warren, Scott Warren, Mr. and Mrs. Finley, Mr. and Mrs. William Davie, Mark Davie, Mrs. Karl Seyfarth, Mrs. Elliott Mason, Mr. and Mrs. Montford Kirkwood, Cheryl Kirkwood, Carol Kirkwood, Tim Bowers, Tom Spring, Susan Crist, Patti Kibler and Chris Nagel.

The Easter Seal Society is the largest and oldest voluntary health agency in the country serving physically and neurologically handicapped children and adults. It was founded in Elyria, Ohio in 1919 by Edgar F. "Daddy" Allen, noted Rotarian of that city.

Talent, Beauty Pageant Auditions Scheduled

Auditions for a talent and beauty pageant sponsored by the International Pageant System will be held for Pickaway and Ross County entrants 6 p.m. March 19 at the YMCA in Chillicothe.

A field director will select five girls to represent their community in the state finals.

Three to six year olds will be auditioning for the title of Miss Petite; seven to 12 year olds, Little Miss, and 13 to 17 year olds. One girl from each of the older divisions will be selected purely on her creative or performing arts to compete in the Sate Pageant this summer.

Sheriff's Staff Records Busy February

The Pickaway County Sheriff's Department processed 32 criminal papers, 150 civil papers and conducted one sheriff's sale during February according to the monthly report of the department.

In addition, the department made 67 arrests, including nine for misdemeanors, five for felonies, 10 juvenile arrests and 43 traffic arrests.

There were 55 adult male prisoners committed to the county jail during February, one adult female and nine juvenile male prisoners.

A total of 2,846 meals were served the 65 inmates confined during the month.

Nine prisoners were conveyed to various state penal and mental institutions during the month. The deputies traveled 28,522 miles during the month.

The department received 3,601 telephone calls during the month and sent and received 3,890 radio messages.

Production Of Art Glass Still Province Of St. Louis

ST. LOUIS (AP) — In the 1880s this city first earned its reputation as the "art glass capital of the world." And in recent years the increasing popularity of art glass has only served to confirm how much that title was deserved.

"We're definitely in a renaissance period," said Ray Other, co-owner of

the Unique Art Glass Co. "I think we've put art glass windows in half the restaurants in St. Louis over the past few years and it seems like we're doing windows in four to five homes a week."

Just how popular art glass is was shown last summer when a number of old windows were reported stolen from homes and apartments in the city.

A 3-foot by 5-foot old style window may sell in an antique shop for between \$100 and \$300.

But antique dealers say they are dealing with the problem of theft by buying old windows only from reputable sources.

Others explained that art glass refers to any colored or clear leaded glass. Stained glass refers to art glass that has been painted then fired to present pictures or letters.

While churches still provide con-

siderable business for art glass companies, art glass is increasingly finding its way into restaurants, newly-built homes, and motels.

Panes of glass may be shaped into cartoon figures or animal shapes and hung like mobiles. Art glass windows are being illuminated from the rear and used in place of wall pictures.

One company even ordered an art glass panel to illuminate the center of a 10-foot diameter conference table.

A dealer explains that the biggest selling point of art glass is its "handicraft quality."

"It's custom made for the buyer with almost the same tools used 100 years ago," said the dealer, Jim Sumner. "Fortunately the craft has not become highly mechanized, or art glass would be coming off the assembly line looking all the same."

While churches still provide con-

siderable business for art glass companies, art glass is increasingly finding its way into restaurants, newly-built homes, and motels.

Panes of glass may be shaped into cartoon figures or animal shapes and hung like mobiles. Art glass windows are being illuminated from the rear and used in place of wall pictures.

One company even ordered an art glass panel to illuminate the center of a 10-foot diameter conference table.

One dealer explains that the biggest selling point of art glass is its "handicraft quality."

"It's custom made for the buyer with almost the same tools used 100 years ago," said the dealer, Jim Sumner.

"Fortunately the craft has not become highly mechanized, or art glass would be coming off the assembly line looking all the same."

How Vast Is The Universe?

Quasistellar sources is not yet one of the glamour sciences. The investigation which has so far produced many identified quasars, or star-like objects which emit tremendous amounts of energy, began only a few years ago.

But the vastness of the universe suggested by these objects and their own fascinating characteristics is occupying a large amount of astronomy's time and effort.

What intrigues astronomers

mostly about the rapidly traveling quasars (many move faster than the speed of light) is the clue they may provide on the origin of the universe. When enough is known about them they may answer whether the universe was born in a giant explosion or through a slower evolutionary cycle.

Of close secondary importance is the tremendous amount of energy, but relatively little light, emitted by the quasars. Calculations have shown the output of these

objects to be equal to the energy produced by 100 million planets like Earth or 100 million suns.

By traversing the great distances to quasistellar objects with 200-inch telescopes and huge radio telescopes, scientists are actually looking back into time. The images and sounds they are contacting occurred millions of years ago.

As one physicist says about the current interest in quasars, these objects "may permit us

to see farther out into the universe and further back in cosmological time" than all prior accumulated knowledge has permitted.

On either count, much more will be heard about quasars in the months and years to come.

Looking Forward

Anyone who attempted to look ahead a hundred years would find his mind boggling at the possibilities. Most persons don't understand much of what has happened in the last 10 years, and have only the dimmest hope of grasping what science will be up to in the next decade.

But life was simpler in 1901, and a writer for the Ladies Home Journal was emboldened to interview "the most learned and conservative minds in America" about developments they expected to come to pass in the next century. "These prophecies will seem strange, almost impossible," said the writer, who then plunged

headlong into them.

By the year 2001, said he, there probably would be 350 million to 500 million people in America, and they would be taller by one to two inches, live 50 years instead of 35, and dwell in the suburbs. Nicaragua, Mexico and most of Central and South America would voluntarily become parts of the United States.

Hot or cold air would be turned on from spigots to make homes comfortable, said the writer, and coal would no longer be used for heating or cooking. Electricity would be produced by harnessing rivers and tides and this would make solid fuel obsolete.

As if his readers' minds were not already stretched beyond credulity, the writer plunged on: "Photographs will be telegraphed from any distance. If there be a battle in China a hundred years hence, snapshots of its most striking events will be published in the newspapers an hour later."

Also, automobiles would be cheaper than horses were in 1901 (well, he couldn't win them all) and would entirely replace the horse. Airships would be maintained as deadly war vessels and for scientists. Wild animals would exist only in menageries.

There were more predictions, but this will give you an idea.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, March 5, the 64th day of 1973. There are 301 days left in the year.

Today's highlight in history:

On this date in 1770, British troops fired on a jeering crowd in Boston, killing five persons. The incident, known as the Boston Massacre, hastened the American Revolution.

On this date: In 1766, the Spanish took possession of New Orleans from the French.

In 1798, French forces occupied Bern, Switzerland.

In 1849, Zachary Taylor was inaugurated as the 12th American president.

In 1868, the U.S. Senate was organized into a court of impeachment to decide on charges against President Andrew Johnson.

In 1877, the 19th U.S. president, Rutherford B. Hayes, was inaugurated.

In 1953, Soviet Premier Josef Stalin died in Moscow after 29 years of power.

Ten years ago: Striking coal miners in France defied a government order to return to work.

Five years ago: Richard M. Nixon, campaigning in the New Hampshire primary, pledged that a Republican administration would end the war in Vietnam.

One year ago: The Federal Reserve Board said the outlook for the U.S. economy in 1972 was good.

Today's birthdays: Actor Rex Harrison is 65. Conductor and violinist Lorin Maazel is 43.

Thought for today: There is nothing sillier than a silly laugh — Catulus, Roman poet, about 84-54 B.C.

Speaking Of Your Health

by Lester L. Coleman, M.D.

I have noticed that for the past few years I have more and more difficulty in swallowing large pieces of meat and, particularly, dry food.

How do I go about finding the reason for this so that this unpleasant feeling will not get worse?

Mr. P.N., Ga.

Dear Mr. N.:

The problem of difficulty in swallowing is known as dysphagia.

Often, people can actually point to the exact spot in the chest where they think the food becomes stuck. This is helpful to the doctor who now pursues his studies to find the basic reason.

Occasionally, children are born with congenital defects and anatomical deformities. Their difficulty in swallowing is recognized immediately and steps must be taken to remove the condition.

Adults who develop dysphagia may have obstruction for a variety of reasons.

Sometimes, there occurs a small pouch, or diverticulum, of the esophagus that carries food from the mouth to the stomach. A weakness of the muscular wall of the esophagus is responsible for this.

There are also many neurological and unusual medical conditions which, strangely, are responsible for difficulty in swallowing.

A hiatus hernia and a local inflammation of the lining of the esophagus are other reasons for the problem you describe.

There are many precise and excellent methods for studying the reasons for dysphagia.

It is possible to do the most delicate studies of the lining of the esophagus

by X-ray. An instrument can be placed directly into the esophagus. Through this, biopsies of tissue can be made.

X-ray movies can show the speed with which food passes through. With these and other exact tests, the basic cause for dysphagia is easily determined. Only in this way can persistent difficulty in swallowing be adequately treated.

I had an accident and broke three ribs. Then I was told that air seeped around my lungs.

I am only 18 years old. Does this mean that I will be left with a permanent hole in my lungs?

J.S., Pa.

Dear J.:

I will try to clarify the problem you present and help reassure you that this condition will probably not affect you for the rest of your life.

You have had what is known as pneumothorax, meaning an accumulation of air around the lungs that temporarily stays pocketed within the chest.

An injury to the chest wall, with or without a fracture of the ribs, can cause air to escape from the lungs and lie in the chest wall.

There are also a number of complicated lung conditions that can cause spontaneous pneumothorax without any related injury.

Sometimes artificial pneumothorax is created for the treatment of some types of tuberculosis.

You need not be concerned that you have been left with any permanent problem, once the condition is healed.

Operation Switchover

By JOHN CHAMBERLAIN

TALLAHASSEE, Fla. — Republicans here have been listening to stories from Virginia that former Democratic Governor Mills B. Godwin is a favorite to run again for his old job, but this time as a Republican. What makes this news from the upper South interesting to local ears is that its essential pattern may be repeated here.

Jerry Thomas, a former Democratic President of the State Senate, has recently jumped to the Republican fold, a change that takes on special meaning because of Thomas's desire to run for Governor on the Republican ticket in 1974. What is more, a lot of Republicans seem willing to support the man, who happens to be extremely popular with both parties. A banker from Jupiter, on the East Coast, Thomas could pay something of his own way, which is hardly a disqualification for running a statewide campaign.

The buzz about futures in the Tallahassee office of Herb Harison, Republican governmental liaison man, is prime evidence that the sour taste left by the feuding of former Republican Governor Claude Kirk and National Committeeman Bill Cramer is becoming a thing of the past. Neither Kirk nor Cramer aspires to new elective office in 1974, so peace reigns as personalities fade out. This does not guarantee ex-Democrat Jerry Thomas a clear path to the State House nomination — Louis Frey, U.S. Congressman from the Orlando area, has said he'd like the job. But the fact that local Republicans are not cutting Thomas up in the way the Democrats shredded

Mayor John Lindsay of New York when he switched to their party is a good omen for harmony.

Where Lindsay was dealt with as an interloper, Thomas is accepted as a bona-fide Florida Republican on the ideological level. After all, he has supported his new party's philosophy in such matters as opposition to busing and the corporate income tax, and that seems to be enough in a state that was almost entirely Democratic not too long ago. Indeed, Republican party harmony might best be preserved by closing ranks behind a newcomer whose philosophical heart is in the right place and who has had no connection with the bickering that let Democrat Reuben Askew take over the governor's office the last time around.

Thomas aspires to office at a time when Florida Republicans are pluming themselves on their ability to win a statewide race when they have an attractive candidate. Mrs. Paula Hawkins, who might have become co-chairman with George Bush of the Republican National Committee if she had wanted the job, got a heartening majority in her statewide campaign to become a third Florida Public Service Commissioner, and if she were nominated for Lieutenant Governor on a Jerry Thomas ticket for 1974 it would make for a strong front.

The names of Thomas and Hawkins may not mean as much nationally as that of Mills B. Godwin of Virginia. But they could provide Southern Republicans with a three-point landing in 1974 if, as has been offered as a distinct possibility, the Republicans elect

governors in South Carolina and Texas after Godwin has won Virginia in 1973.

The Florida Republicans are congratulating themselves on the fact that the Democrats are now on the defensive about a minor scandal involving Lieutenant Governor Tom Adams, who is supposedly in trouble over the accusation that he has used state employees to work on his farm at the taxpayers' expense. Whether this can be pumped up into a major dereliction is questionable; a local editor points out that Adams, who manages to live in hot water much of the time, has been charged with worse things and still survives. Nevertheless, the Republicans hope to milk the situation for all that it is worth. They take particular delight in pointing out that Askew could hardly have been elected governor if he had not had the support of Adams's friends, who constitute a sizeable statewide organization. Askew has said Adams won't be on the ticket the next time. The question is whether the governor has managed to turn Adams's friends into his own.

In any case, "Operation Switch-over" is looking up in Florida even as it is looking up all over the South. (Just wait for John Connally's conversion in Texas to throw it into high gear.) I hadn't been in Florida save for Miami Beach conventions since the Claude Kirk-Cramer fiasco, and the renewal of Republican confidence hereabouts is too obvious to be missed.

Berger Hospital received a generous check from Ruth Lyons and her 50-50 Club TV Program. The money was used to purchase gifts for children patients at birthday and holiday time.

March moved in like an "icy lion" with high winds and four inches of snow covering the area.

Circleville and Pickaway County had a father and son combination devoted to law enforcement. William Pontious, Route 3, had been a Pickaway County Sheriff's Deputy since 1960. His son, Larry Pontious, 330 E. Union St., began his initial service as a city policeman on the first of March.

Flames which swept an auto body and paint shop on Barnes Ave. caused damage estimated at \$6,000. The business was owned by Leon Catrone, 125 W. Corwin St. City firemen, who battled the blaze for over four hours, believed the fire was started by a heating unit that touched off fumes or by faulty wiring.

The Ohio State Highway Patrol reported an ice jam, coupled with high waters, was threatening the Darby Creek bridge on Route 104 west of Circleville.

After 20 years in Circleville, the United Department Store announced they had lost their lease and were going out of business.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Opportunity knocks but once, they say, but sometimes it's better to turn a deaf ear to the door.

One of the times to let opportunity beat its knuckles in vain on your portal is when it comes to offer you a job you don't want.

Many people make a sorry brag that they undoubtedly have the worst job in the whole wide world. That couldn't be true for all of them. No matter how boring, vexing or worrisome your job is, you usually can look around and see someone who has a job so bad you wouldn't trade yours for it.

Here, for example, are a few jobs I wouldn't want to moonlight on — let alone work at them full time:

Quality taster at a library paste factory.

A mermaid at the aquarium.

A door-to-door anvil salesman.

A human fly with arthritis.

Resident dentist on an alligator farm.

An obstetrician for elephants.

A bra manufacturer during a rubber shortage.

Talent scout for a kiddies television show.

Superintendent of an old-fashioned county poor farm.

The official handshaker at a convention of octopuses.

Chairman of the entertainment committee at a national meeting of Mafia leaders.

Stand-in in a wax museum.

Morale officer in a concentration camp.

A bathing suit salesman in Siberia.

The night watchman at the city dog pound.

The tax attorney for Howard Hughes.

The dietician for Jackie Gleason.

The social secretary for Count Dracula and his family.

And now do you still think you've got the worst job in the world?

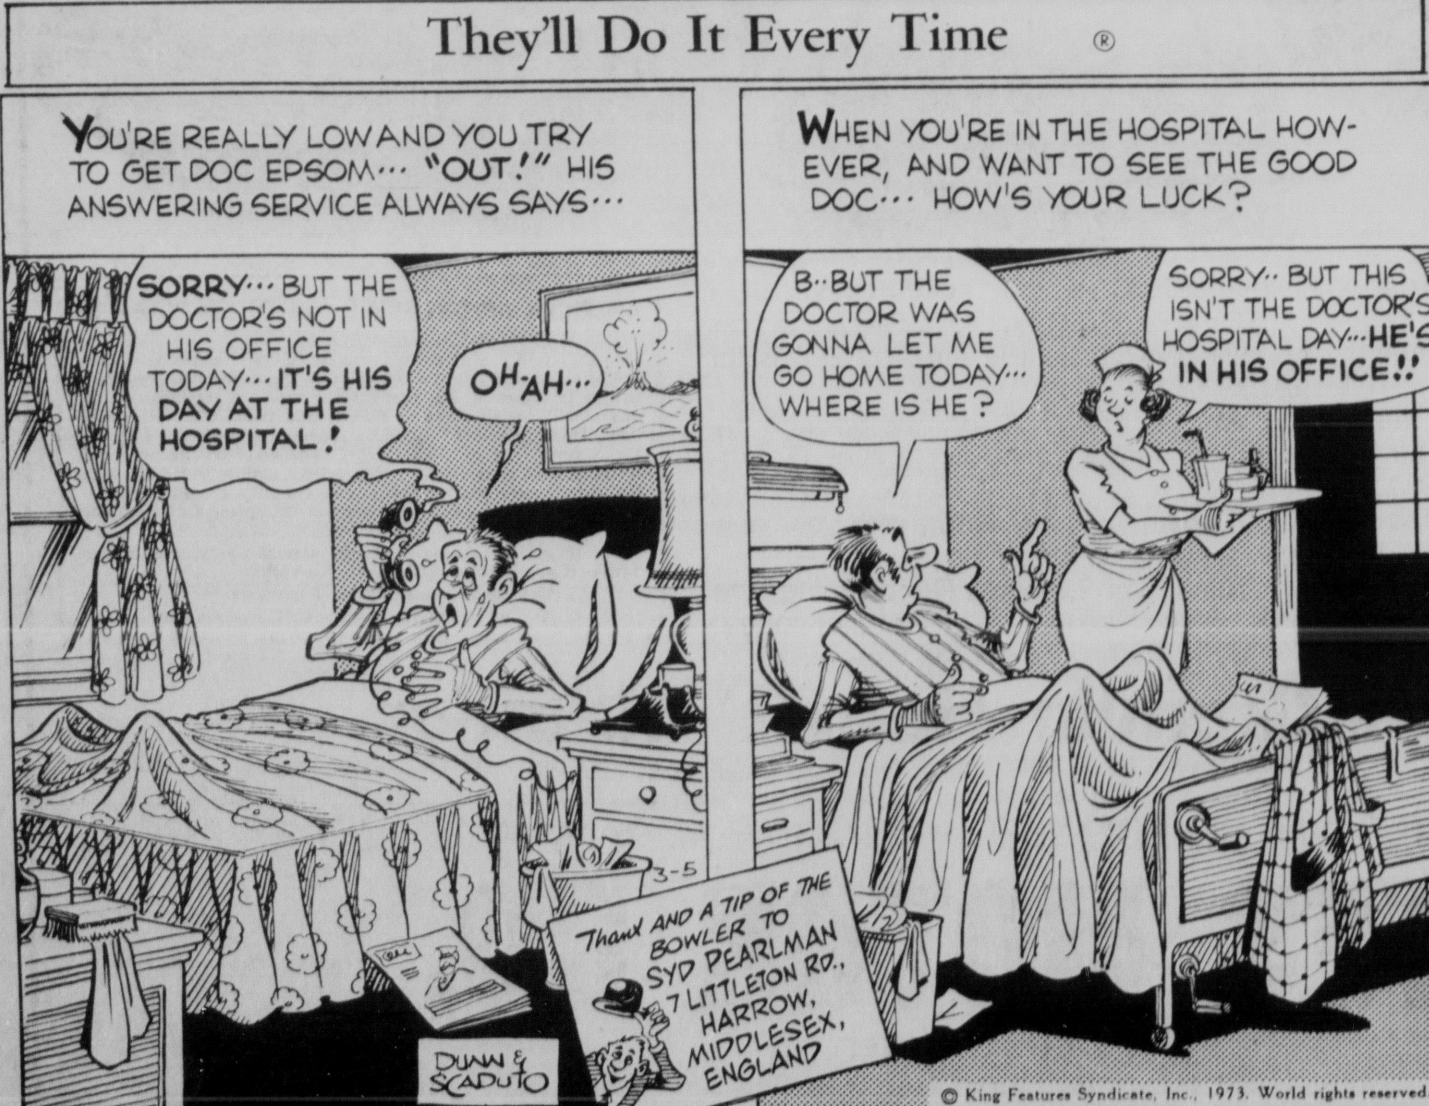

President Given 'Heart Award'

WASHINGTON (AP) — President Nixon has been awarded the American Heart Association's "Heart of the Year" award for "consistent support and encouragement of voluntary programs combatting the nation's most serious health problem — heart and blood vessel diseases."

Nixon said he accepted the gold medallion handed him Friday by heart association president Dr. Paul Yu on behalf of the taxpayers and medical volunteers and in memory of two former presidents — Lyndon B. Johnson and Dwight D. Eisenhower — who succumbed to heart disease.

Quigley Given Post

COLUMBUS, Ohio (AP) — Thomas J. Quigley, a Cleveland attorney, was appointed by Gov. John Gilligan Thursday to a seat on the Ohio Arts Council, succeeding Mrs. R. Henry Norweb of Cleveland.

MRS. MICHAEL W. ARLEDGE

Lloyd-Arledge Vows Repeated In Kingston Methodist Church

Miss Deborah A. Lloyd and Mr. Michael W. Arledge were united in marriage at 7:30 p.m., Feb. 11th, in the Kingston United Methodist Church. The Rev. Robert A. Duffy performed the double ring ceremony, assisted by the Rev. Pearl Casto.

The bride is the daughter of Mr. and Mrs. J. Gordon Lloyd, Kingston. Mr. Arledge's parents of Mr. and Mrs. Melvin Arledge, Route 1, Laurelville.

Organ numbers were presented by Miss Kaye Shoemaker, cousin of the bride. The soloist, Mr. Roger Allen, accompanied at the piano by Mrs. Carl Hohenstein, sang a selection of love ballads.

The bride, given in marriage by her father and mother, wore a floor length gown of mira-mist nylon and hand clipped Chantilly lace. The gown has a fitted bodice, bishop sleeves and full overskirt fashioned with tiers of hand-clipped Chantilly lace ruffles. A chapel length mantilla of nylon net edged in matching lace complemented her

gown. She carried a bouquet of miniature lavender carnations and babies breath centered with pink sweetheart roses, caught with white satin streamers.

Serving as matron of honor was Mrs. Chip Walsh Maxwell. Bridesmaids included Mrs. Gordon Lloyd, sister-in-law of the bride, of Circleville; Miss Jennifer Naas and Mrs. Nick Prewett of Kingston.

The attendant's floor length gowns, designed by the bride's mother, were of velvet with long, fitted sleeves and Empire waistlines. White lace trimmed the neckline, waistline and the wrist of the gowns.

The honor attendant was in deep purple and carried a white burning candle centered in a cluster of lavender and white miniature carnations with white satin streamers. All of the attendants wore matching headpieces of white satin bows with streamers reaching to the floor.

Flower girl, Kelley Knox, niece of the bridegroom, wore a deep purple velvet gown styled identically to the attendants' gowns. She carried a small white garden basket filled with lavender petals.

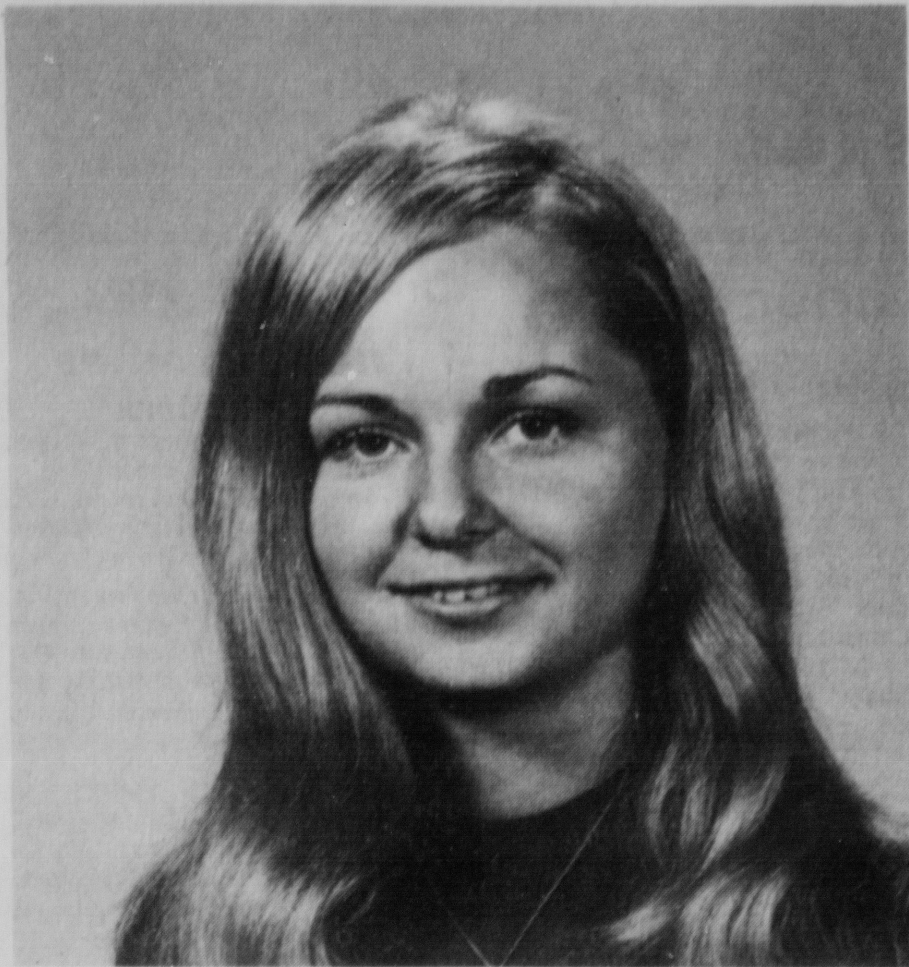

Mr. Jim Ricketts served as best man. Ushers were Mr. Dean Arledge, brother of the bridegroom, Mr. Gordon Lloyd, brother of the bride, and Mr. Mead Davis. Master Brent Swackhamer, cousin of the bride, was ringbearer.

As the couple turned to walk up the aisle together, they paused at the front pew to present their new mothers-in-law with a rose from the bridal bouquet. They left the church to the music of "They've Only Just Begun".

A reception was held in the church social rooms following the wedding. Hostesses were Mrs. Eugene Karshner, aunt of the bride; Mrs. Donna Knox, sister of the bridegroom; Miss Jana Montgomery, Miss Michele Conaway and Miss Melody Stone. Miss Diane Edwards was in charge of the guest book.

Following a brief wedding trip, Mr. Arledge and his bride are living at Route 1, Neville Rd., Circleville.

Out-of-town guests were from Columbus, Lancaster, Pataskala, Circleville, Grove City, Memphis, Tenn., and the Chillicothe area.

Reports were made on completed projects for charity during the Thursday evening meeting of FOE685 Auxiliary in the Aerie Home.

President, Cleo Caudill, presided over the business meeting. According to a report made by Pauline Kennedy \$68.50 was made at the bake sale held in February. She thanked all who had donated for the sale. With the sale of a bathroom set the auxiliary donated \$56 each for the Max Baer Heart Fund and the Jimmy Durante Crippled Children's Fund.

Inez Tucker reported the Family Supper of Feb. 24th was well attended and she thanked auxiliary members who had helped in the preparation and serving of the food.

Following the meeting members were served ham salad sandwiches by Lizzie Elder and Martha Gulick.

Annual Banquet

Held By Guild 20

Berger Hospital Guild 20 welcomed two new members, Katharine Tadlock and Mary Walker, during its annual banquet Tuesday evening at Wardell's Party Home.

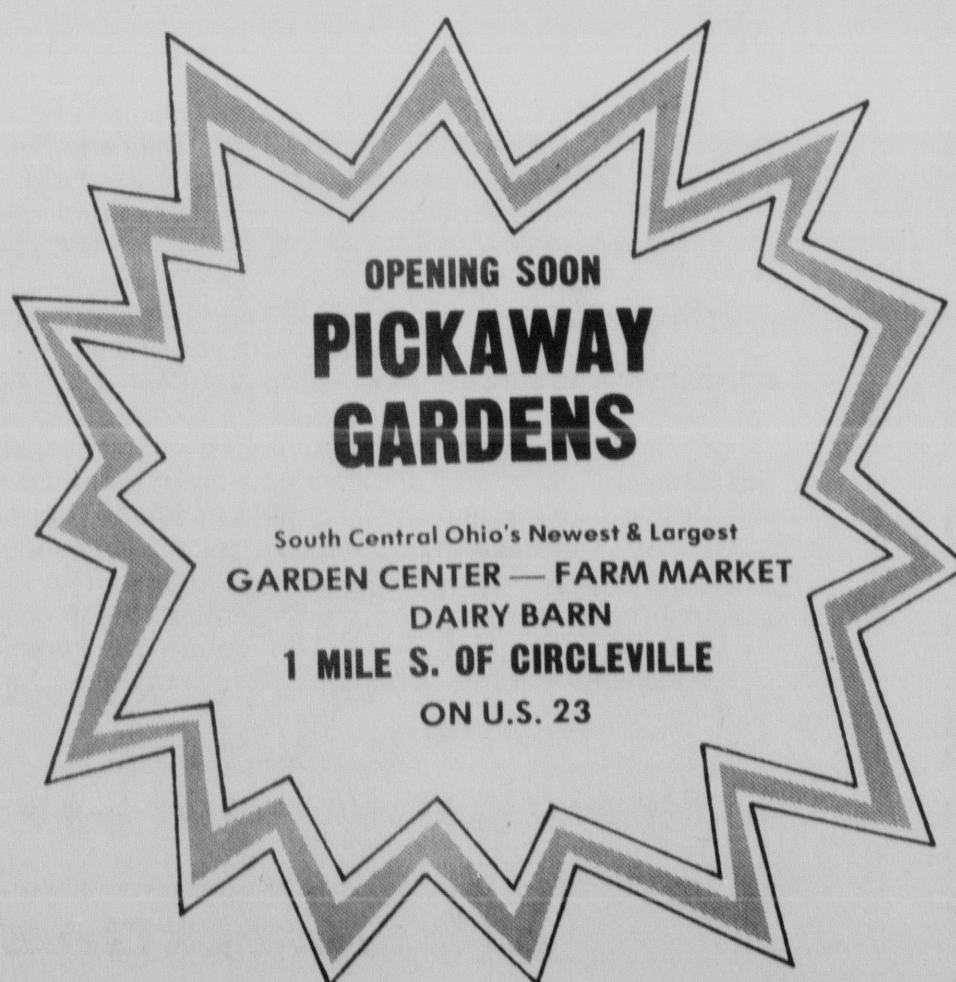

As favors, Frances Rose gave miniature nest eggs which members are to use for change for the guild's flower fund.

After the dinner, Frances Rose, chairman, conducted a business meeting. Posters for the rummage sale were distributed to the 20 members present. They were asked to be at the Eagles Lodge on March 8th to help in sorting and pricing for the sale on March 9th.

Mystery Sisters names were revealed and a drawing was held for new sisters and hostess committees for 1973-74.

Hostesses for the March meeting will be Etha Mae Wolford and Mabel Poling. New officers will be elected and installed at the April meeting.

Chicken pieces or quarters may be wrapped in foil and baked along with onion rings, sliced celery and green pepper. Unwrap the foil about the last 20 minutes of baking to brown the chicken.

March, 1963

Many Teays Valley bandmen earned Superior ratings in the District Solo-Ensemble Contest.

Latin Club purchased pins with Latin II inscribed on them.

Six Teays Valley students attended a "Symposium of Opportunities for Learning" at Ohio University in Athens.

Forty-six boys from the vocational agriculture classes visited Swift & Company in Columbus.

Amanda-Clearcreek Future Homemakers of America Chapter visited Teays Valley FHA.

Judy McCray and Karen Roeser were awarded "Half Tuition Scholarships" to Nationwide Beauty Academy in Columbus.

Janet Bausum earned the Daughters of the American Revolution Good Citizen Award.

Teays Valley Band Members Rank Among Top In State Competition

By DEB HELSER

Members of the Teays Valley band and choir participated in the state solo and ensemble contest held at Bexley High School on Feb. 24. Teays Valley earned fifteen superior ratings, eighteen excellent ratings, three good ratings, and one fair rating.

Soloists receiving superior ratings in A or difficult music were: Deb Biller, bassoon; Dave Warner, piano; Kathy Hoffman, flute; and Karen Green, Eb soprano clarinet.

Two ensembles playing A music also received superior ratings — the mixed clarinet quartet and the flute trio. Members of the quartet were Deb Helser, Karen Harmount, Jodi Derring, and Jeri Voss. Members of the trio were Julie Green, Deb Myers, and Bridget Haines.

Those receiving superior ratings in B or medium difficult music were: Patty Derflinger, French horn; Ann Thomas, soprano; Debbie Mitcham, soprano; Mark Noecker, tuba; and the saxophone quartet — Diana Pobst, Robyn Norris, Allan Goldhart, and Regina Bluck.

Four soloists earned superior ratings in the C or less difficult music category. They were Allen Goldhart, tenor saxophone; Cindy Beattie,

mexxo soprano; Jay Van Pelt, tenor; and Janet Zwayer, oboe.

Thirteen soloists and ensembles received excellent ratings in A music. They were Kathy Hoffman, piccolo; Julie Green, flute; Deb Myers, flute; Pan Younkin, French horn; Jeri Voss, bass clarinet; Steve Clark, tenor; Darlene Neff, alto; Wilson Ett, tenor; Stephanie Mesner, mezzo soprano; the woodwind quintet, the boys' ensemble, the triple trio, and the girls' ensemble.

Julie Green, Deb Biller, Deb Helser, Pam Younkin, and Janet Zwayer made up the quintet. Boys participating in the boys' ensemble were Steve Clark, Wilson Ett, Dave Warner, Gary Shives, Jim Pabst, Jim Morehart, Don Burgoon, and Bob Weber.

In the girls' ensemble were Debbie Mitcham, Cindy Beattie, Ann Thomas, Stephanie Mesner, Robyn Norris, Teresa Nichols, Karen Green, Linda Rodgers, and Elaine Pfeffer. Members of the triple trio are Jill Trego, Ginger Dixon, Rita Gilliam, Deb Lowry, Deb Helser, Karen Harmount, Darlene Neff, Bridget Haines, and Elizabeth Good.

Receiving excellent ratings in B music were Bonnie Darst, soprano, and Becky Peters, French horn. Three soloists received excellent ratings in C music — Melissa Plum, cornet; Tami Trego, cornet; and Jeri Voss, piano.

Soloists receiving good ratings were Diana Pobst, alto saxophone; Deb Biller, alto; and Sally Miller, clarinet. Rick Peters received a fair rating on the cornet playing difficult music.

All of the directors — Miss Darlene Freeman, Fred Brobst, and Drexel Poling — were pleased with the results of the contest. This was considered to be the best year the Music Department has had at solo and ensemble contest.

The next activity the band and choir will take part in is the District Band and Choir contest on March 17 in Upper Arlington.

Spring Play Cast Chosen

By DEB HELSER

Mrs. Diane Lytle, director, announced the cast of the spring play on February 22. The play, "George Washington Slept Here" by Moss Hart and George S. Kaufman, will be presented April 6 and 7 in the high school auditorium.

The play is set in a farmhouse in Pennsylvania where George Washington supposedly slept. The house is in a shambles when Newton (Clyde Gwin) buys it and drags his wife, Annabelle (Bridget Haines), from a comfortable life in the city to it.

Their daughter, Madge (Elizabeth Good), and her boyfriend, Steve (Rick Peters), share Newton's enthusiasm for the old house. Newton promises Annabelle that the house will be fixed up by Kimber (Dave Whitt).

But Kimber doesn't get much done. He just keeps finding more ways to spend Newton's money until Newton has to turn to his rich Uncle Stanley (Martin Firestone). The family then finds a secret that Uncle Stanley has kept since 1929.

Mr. Prescott (Water Beattie) adds to Newton's problems by insisting that Newton doesn't own as much as he

thinks. Mrs. Douglas (Darlene Neff), the president of the Historical Society, saves the day; but Annabelle's irritating nephew, Raymond (Allan Goldhart), almost ruins things.

Annabelle and Newton also have trouble with their maid, Hester (Sandy Welch), who has to see her fellow because he is getting married. They also find out that Madge thinks she is in love with Clayton Evans (Terry Lockard). Clayton has a wife, Rena (Diana Pobst), who doesn't like the country any better than Annabelle.

The rest of the cast consists of Katie (Connie Catron), a maid, and Madge's friends played by Dave Warner, Lori Stewart, Rusty Williams, and Janice Glick.

Deb Lowry Wins Citizen Contest

Congratulations to senior Deb Lowry for winning the Teays Valley High School Good Citizen Contest sponsored by the Pickaway Plains Chapter Daughters of the American Revolution.

We're still in business to supply clean-burning energy. And we plan to be in business for generations to come. The future looks bright. But, the problem is . . . now. We've been telling you about it. The natural gas shortage. So now we're going to give you some ideas for using less gas. In fact, we recommend our hottest competitor. The sun. Even on the coldest day, you should let direct sunlight in through your windows. It will help heat your home.

When there's no sun, close your drapes to keep your heat from leaking out. It will make a difference.

And here are some other ways you can conserve gas: Insulate your home and seal the drafty areas around doors and windows.

Have your furnace checked periodically by your heating dealer to make sure it is operating efficiently.

Check your furnace filters often to be certain they're clean. Turn your thermostat down to the lowest comfortable temperature and leave it there.

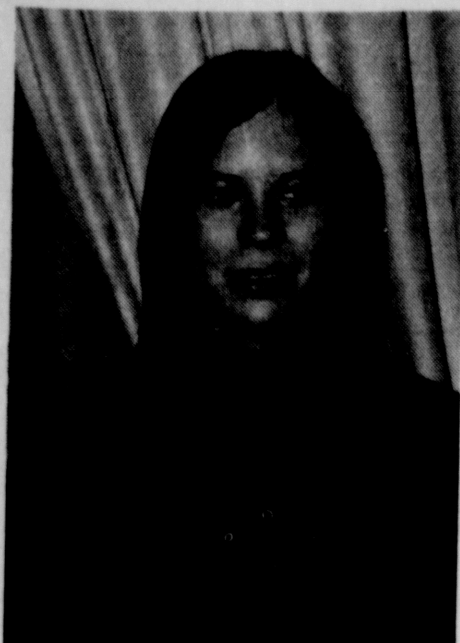

All these things will add to your comfort and you'll use less gas. Write for our free booklet, "30 Ways to Save", for more ideas.

Sue And Cheryl Are TV Senior Picks Of Week

SUE DERRING

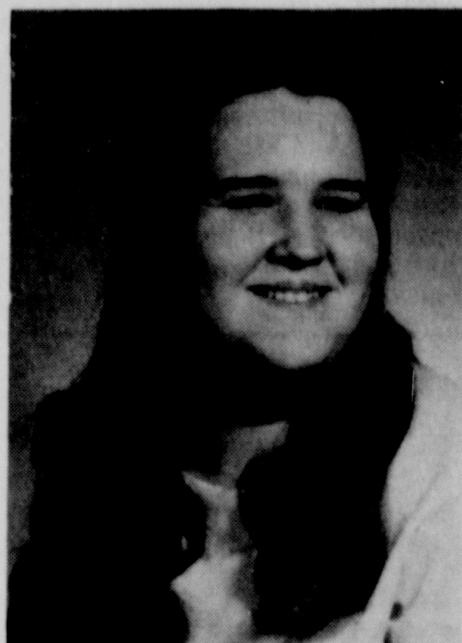

By ESTILL SALYERS

Sue Derring, 18, lives with her parents, Mr. and Mrs. Earl Derring, at Route 1, Orient.

Sue is taking college prep courses at Teays Valley this year. Her favorites include reading, horseback riding, ice cream, blue, and physics.

Sue is active in Student Council, 4-H, FTA, and is president of the Library Club. She is editor of The Viking, the school newspaper.

After graduation she plans to work at Scioto Downs and then attend Kent State University to become a jour-

CHERYL HALL

nalist.

Sue's comment on graduation is, "I am glad to graduate, to begin the real preparations for the kind of life I want to lead."

Cheryl Hall, 17, lives with her parents, Mr. and Alex Hall, at Route 2, Orient.

Cheryl is enrolled in general courses at Teays Valley this year.

Her favorites include geography, cooking, pizza, blue, and Mr. Forsythe. Cheryl dislikes stuck up people.

Cheryl's ambition is to become a practical nurse.

Spring Play Cast Chosen

By DEB HELSER

Mrs. Diane Lytle, director, announced the cast of the spring play on February 22. The play, "George Washington Slept Here" by Moss Hart and George S. Kaufman, will be presented April 6 and 7 in the high school auditorium.

The play is set in a farmhouse in Pennsylvania where George Washington supposedly slept. The house is in a shambles when Newton (Clyde Gwin) buys it and drags his wife, Annabelle (Bridget Haines), from a comfortable life in the city to it.

Their daughter, Madge (Elizabeth Good), and her boyfriend, Steve (Rick Peters), share Newton's enthusiasm for the old house. Newton promises Annabelle that the house will be fixed up by Kimber (Dave Whitt).

But Kimber doesn't get much done. He just keeps finding more ways to spend Newton's money until Newton has to turn to his rich Uncle Stanley (Martin Firestone). The family then finds a secret that Uncle Stanley has kept since 1929.

Mr. Prescott (Water Beattie) adds to Newton's problems by insisting that Newton doesn't own as much as he

thinks. Mrs. Douglas (Darlene Neff), the president of the Historical Society, saves the day; but Annabelle's irritating nephew, Raymond (Allan Goldhart), almost ruins things.

Annabelle and Newton also have trouble with their maid, Hester (Sandy Welch), who has to see her fellow because he is getting married. They also find out that Madge thinks she is in love with Clayton Evans (Terry Lockard). Clayton has a wife, Rena (Diana Pobst), who doesn't like the country any better than Annabelle.

The rest of the cast consists of Katie (Connie Catron), a maid, and Madge's friends played by Dave Warner, Lori Stewart, Rusty Williams, and Janice Glick.

Deb Lowry Wins Citizen Contest

Congratulations to senior Deb Lowry for winning the Teays Valley High School Good Citizen Contest sponsored by the Pickaway Plains Chapter Daughters of the American Revolution.

Deb attended the DAR annual awards tea Feb. 20 at the First Presbyterian Church in Circleville.

Teays Valley Band Members Rank Among Top In State Competition

By DEB HELSER

Members of the Teays Valley band and choir participated in the state solo and ensemble contest held at Bexley High School on Feb. 24. Teays Valley earned fifteen superior ratings, eighteen excellent ratings, three good ratings, and one fair rating.

Soloists receiving superior ratings in A or difficult music were: Deb Biller, bassoon; Dave Warner, piano; Kathy Hoffman, flute; and Karen Green, Eb soprano clarinet.

Two ensembles playing A music also received superior ratings — the mixed clarinet quartet and the flute trio. Members of the quartet were Deb Helser, Karen Harmount, Jodi Derring, and Jeri Voss. Members of the trio were Julie Green, Deb Myers, and Bridget Haines.

Those receiving superior ratings in B or medium difficult music were: Patty Derflinger, French horn; Ann Thomas, soprano; Debbie Mitcham, soprano; Mark Noecker, tuba; and the saxophone quartet — Diana Pobst, Robyn Norris, Allan Goldhart, and Regina Bluck.

Four soloists earned superior ratings in the C or less difficult music category. They were Allen Goldhart, tenor saxophone; Cindy Beattie,

mexxo soprano; Jay Van Pelt, tenor; and Janet Zwyer, oboe.

Thirteen soloists and ensembles received excellent ratings in A music. They were Kathy Hoffman, piccolo; Julie Green, flute; Deb Myers, flute; Pan Younkin, French horn; Jeri Voss, bass clarinet; Steve Clark, tenor; Darlene Neff, alto; Wilson Ett, tenor; Stephanie Mesner, mezzo soprano; the woodwind quintet, the boys' ensemble, the triple trio, and the girls' ensemble.

Julie Green, Deb Biller, Deb Helser, Pam Younkin, and Janet Zwyer made up the quintet. Boys participating in the boys' ensemble were Steve Clark, Wilson Ett, Dave Warner, Gary Shives, Jim Pabst, Jim Morehart, Don Burgoon, and Bob Weber.

In the girls' ensemble were Debbie Mitcham, Cindy Beattie, Ann Thomas, Stephanie Mesner, Robyn Norris, Teresa Nichols, Karen Green, Linda Rodgers, and Elaine Pfeiffer. Members of the triple trio are Jill Trego, Ginger Dixon, Rita Gilliam, Deb Lowry, Deb Helser, Karen Harmount, Darlene Neff, Bridget Haines, and Elizabeth Good.

Receiving excellent ratings in B music were Bonnie Darst, soprano, and Becky Peters, French horn. Three soloists received excellent ratings in C music — Melissa Plum, cornet; Tami Trego, cornet; and Jeri Voss, piano.

Soloists receiving good ratings were Diana Pobst, alto saxophone; Deb Biller, alto; and Sally Miller, clarinet. Rick Peters received a fair rating on the cornet playing difficult music.

All of the directors — Miss Darlene Freeman, Fred Brobst, and Drexel Poling — were pleased with the results of the contest. This was considered to be the best year the Music Department has had at solo and ensemble contest.

The next activity the band and choir will take part in is the District Band and Choir contest on March 17 in Upper Arlington.

Rev. Billy Graham Visits With POWs

PORTSMOUTH, Va. (AP) — The Rev. Billy Graham lunched with four former prisoners of war at the Portsmouth Naval Hospital complex. He said he was pleased to meet them and called them "American heroes."
Graham lunched Friday with Capt. Jeremiah Denton, Lt. Cmdr. Paul E. Galanti, Capt. James Mulligan, and Lt. Cmdr. William Tschudy and the men's wives. He presented each man with a Bible.

Park Litter May Be Left To Pile Up

COLUMBUS, Ohio (AP)— Ohio may play a dirty trick on 45 million visitors to its state parks this year.
The litter left by this record number of visitors may just be allowed to stack up—a little object lesson in outdoor housekeeping.

Dear Abby:

By Abigail Van Buren

HisHunting Methods Not Christian At All

DEAR ABBY: May I add my comment to "Hunter's Wife," concerning a husband who loves to hunt:
A minister I knew in the Army more than a quarter of a century ago once told me that too many deer were only wounded, and went off into the woods to die in agony.
My system," he explained, "is to break the deer's leg with my first shot. Then I send my dogs after him. They drive him to my car, and I shoot him there, so I don't have to carry him, but can load him right on."
In short, Abby, people who love to kill will always find a way to rationalize their cruelty.
C.H. IN N.Y.C.
DEAR C.H. I am appalled. I hope that minister didn't preach what he practiced.
DEAR ABBY: I am 24, and my husband is 26. We both work and don't have any children, which is a good thing, because my husband is getting on my nerves.
We never go anywhere or do anything because he never wants to. I make enough money to have my own car, but he doesn't want me to have one. He'd rather drive me to work and pick me up and have me ask him if I want to use HIS car on weekends. When he lets me, he gives me a time limit, which isn't very long. When I come home he quizzes me on where I went and who I saw.
My younger sister is a high school cheerleader, so when I go to my mother's and she's home, she and I practice cheers and I help her make up some routines because I used to be a cheerleader, too. My husband just hates that. He keeps saying: "You're not in high school any more. You're a married woman, so grow up and act

"We have talked about just letting it pile up for a week," said William B. Nye, Ohio's director of Natural Resources, "to let people see the problems litter causes."
Nye smiled and admitted: "We haven't decided to do it yet."

like one." Then he cuts the visit short and says, "Let's go home. I am bored."

He's also very jealous with no reason. I found out he PAYS some of the neighborhood kids to watch my house and write down the exact time they see me coming and going.
What do you think of this marriage?

DISGUSTED
DEAR DISGUSTED: I think it's time you and your husband went somewhere together. For openers, try a marriage counselor. I've heard only your side of it, but you husband sounds like an immature, possessive, selfish sourpuss to me. You have a whole lifetime ahead of you, so you'd better learn how to get along with each other-or without. But don't go on this way.

DEAR ABBY: If anyone wonders what to give a senior citizen who's on a tight budget, please tell them to be practical. (I have enough perfumed soap and aftershave lotion to last me a lifetime.)

A most appreciated gift would be a book of postage stamps, or some stamped envelopes, or postcards. It's not always easy for us older folks to get to a post office, and it's nice to have these things on hand.

Last Thanksgiving a dear friend gave me my Christmas present early. It was a large box of Christmas cards. Bless her, if she hadn't given me some, I wouldn't have been able to send cards that year.

Please, pass the word, will you, Abby? It will make a merrier Christmas for many Senior Citizens.

C.H.S. IN S.F.

DEAR C.H.S.: Consider it passed. But why wait until Christmas?

U.S. Raw Steel Production At Or Near Record Levels

CLEVELAND, Ohio (AP)— Raw steel production in the United States has been at or near record levels this year, Industry Week magazine said today.

It said that after setting a record in January, production reached the second highest mark ever chalked up for February.

The magazine said January's record amount was 12,384,000 net tons and it estimated the February output at 11.6 million tons, second only to the 11,795,000 tons in February 1968.

Industry Week said that while demand for steel is heavy it is intense only for products, mainly sheets and strip, that make up about two-thirds of mill shipments.

"Ironically, it's on sheets and strip that the price line is being held," it added. "For the second time, the guarantee of prices on these products has been extended-this time until June 1."

The magazine said the strong raw steel production in January was not limited to the United States.

"Increases in January this year over January 1972 were recorded in all except three of the 24 countries that are members of the International Iron & Steel Institute," it continued.

Industry Week estimated last week's raw steel production in the United States at 2,929,000 net tons compared with the preceding week's 2,908,000 tons.

"With steel mills backing away from offerings of highpriced scrap, the upward trend in scrap prices has been reversed," Industry Week said.

The magazine's latest price com-

posite on No. 1 heavy melting steelmaking scrap is \$48.75 per gross ton compared with the preceding week's \$49.17.

JewishGroup Sets Missionary Work

JERUSALEM (AP) — Rabbi Meir Kahane, leader of the militant Jewish Defense League (JDL), has announced the formation of a "Christians for Moses" group.

Kahane told newsmen the "JDL will give the Christian missionaries a dose of their own medicine and act precisely as they do" in carrying out missionary work.

The "Christians for Moses" group, which includes three non-Jewish Americans, will hold meetings in homes and conduct information drives outside embassies and consulates, Kahane said.

It may be winter, but Nye and his department are gearing up for a record season in the system of 61 year-round state parks spread around Ohio.

There will be some new facilities this year and some expanded amenities for 1973's expected record visitor rush—normally running at full flood from May 30 through Labor Day.

There were 40 million last year—2 million more than the previous year—but Nye said adverse weather hampered attendance. This year, with more parks and facilities and with good weather, he said, he is confident of the projected record.

New facilities include Barkcamp State Park near St. Clairsville which has a new beach, a parking area near the beach, picnic areas, and roads to service them.

Tinkers Creek in Portage County will be opening, and will feature new camp grounds.

Late in the summer, Nye said, Buck Creek should be ready for complete use. It is located near Springfield close to the Clarence J. Brown Reservoir.

Late in the summer, Nye said, Buck Creek should be ready for limited use. It's located near Springfield close to the Clarence J. Brown Reservoir.

Lima Station Attendant Slain During Holdup

LIMA, Ohio (AP) — Police continued their search today for the two men believed to have shot and killed a 22-year-old Allen County service station attendant during a robbery early this morning.

The attendant at the near-downtown Lima station was identified as John W. Sterling of Rt. 2, Elida.

Police said a passing motorist, who had stopped for a light in front of the station, saw two men speed away in a dark-colored car. The motorist said he then saw Sterling attempt to make a phone call and collapse.

Police said the shooting occurred about 3:20 a.m. They said a small amount of money had been taken, but that the men had not bothered with a coin changer, found on Sterling's body.

Rev. Billy Graham Visits With POWs
PORTSMOUTH, Va. (AP) — The Rev. Billy Graham lunched with four former prisoners of war at the Portsmouth Naval Hospital complex. He said he was pleased to meet them and called them "American heroes."
Graham lunched Friday with Capt. Jeremiah Denton, Lt. Cmdr. Paul E. Galanti, Capt. James Mulligan, and Lt. Cmdr. William Tschudy and the men's wives. He presented each man with a Bible.

Park Litter May Be Left To Pile Up

COLUMBUS, Ohio (AP)— Ohio may play a dirty trick on 45 million visitors to its state parks this year.
The litter left by this record number of visitors may just be allowed to stack up—a little object lesson in outdoor housekeeping.
"We have talked about just letting it pile up for a week," said William B. Nye, Ohio's director of Natural Resources, "to let people see the problems litter causes."
Nye smiled and admitted: "We haven't decided to do it yet."

Dear Abby:

By Abigail Van Buren
HisHunting Methods Not Christian At All

DEAR ABBY: May I add my comment to "Hunter's Wife," concerning a husband who loves to hunt:
A minister I knew in the Army more than a quarter of a century ago once told me that too many deer were only wounded, and went off into the woods to die in agony.
My system," he explained, "is to break the deer's leg with my first shot. Then I send my dogs after him. They drive him to my car, and I shoot him there, so I don't have to carry him, but can load him right on."
In short, Abby, people who love to kill will always find a way to rationalize their cruelty.
C.H. IN N.Y.C.
DEAR C.H. I am appalled. I hope that minister didn't preach what he practiced.
DEAR ABBY: I am 24, and my husband is 26. We both work and don't have any children, which is a good thing, because my husband is getting on my nerves.
We never go anywhere or do anything because he never wants to. I make enough money to have my own car, but he doesn't want me to have one. He'd rather drive me to work and pick me up and have me ask him if I want to use HIS car on weekends. When he lets me, he gives me a time limit, which isn't very long. When I come home he quizzes me on where I went and who I saw.
My younger sister is a high school cheerleader, so when I go to my mother's and she's home, she and I practice cheers and I help her make up some routines because I used to be a cheerleader, too. My husband just hates that. He keeps saying: "You're not in high school any more. You're a married woman, so grow up and act

like one." Then he cuts the visit short and says, "Let's go home. I am bored."
He's also very jealous with no reason. I found out he PAYS some of the neighborhood kids to watch my house and write down the exact time they see me coming and going.
What do you think of this marriage?
DISGUSTED
DEAR DISGUSTED: I think it's time you and your husband went somewhere together. For openers, try a marriage counselor. I've heard only your side of it, but you husband sounds like an immature, possessive, selfish sourpuss to me. You have a whole lifetime ahead of you, so you'd better learn how to get along with each other—or without. But don't go on this way.
DEAR ABBY: If anyone wonders what to give a senior citizen who's on a tight budget, please tell them to be practical. (I have enough perfumed soap and aftershave lotion to last me a lifetime.)
A most appreciated gift would be a book of postage stamps, or some stamped envelopes, or postcards. It's not always easy for us older folks to get to a post office, and it's nice to have these things on hand.
Last Thanksgiving a dear friend gave me my Christmas present early. It was a large box of Christmas cards. Bless her, if she hadn't given me some, I wouldn't have been able to send cards that year.
Please, pass the word, will you, Abby? It will make a merrier Christmas for many Senior Citizens.
C.H.S. IN S.F.
DEAR C.H.S.: Consider it passed. But why wait until Christmas?

U.S. Raw Steel Production At Or Near Record Levels

CLEVELAND, Ohio (AP)— Raw steel production in the United States has been at or near record levels this year, Industry Week magazine said today.
It said that after setting a record in January, production reached the second highest mark ever chalked up for February.
The magazine said January's record amount was 12,384,000 net tons and it estimated the February output at 11.6 million tons, second only to the 11,795,000 tons in February 1968.
Industry Week said that while demand for steel is heavy it is intense only for products, mainly sheets and strip, that make up about two-thirds of mill shipments.
"Ironically, it's on sheets and strip that the price line is being held," it added. "For the second time, the guarantee of prices on these products has been extended—this time until June 1."
The magazine said the strong raw steel production in January was not limited to the United States.
"Increases in January this year over January 1972 were recorded in all except three of the 24 countries that are members of the International Iron & Steel Institute," it continued.
Industry Week estimated last week's raw steel production in the United States at 2,929,000 net tons compared with the preceding week's 2,908,000 tons.
"With steel mills backing away from offerings of highpriced scrap, the upward trend in scrap prices has been reversed," Industry Week said.
The magazine's latest price com-

posite on No. 1 heavy melting steelmaking scrap is \$48.75 per gross ton compared with the preceding week's \$49.17.

Jewish Group Sets Missionary Work

JERUSALEM (AP) — Rabbi Meir Kahane, leader of the militant Jewish Defense League (JDL), has announced the formation of a "Christians for Moses" group.
Kahane told newsmen the "JDL will give the Christian missionaries a dose of their own medicine and act precisely as they do" in carrying out missionary work.
The "Christians for Moses" group, which includes three non-Jewish Americans, will hold meetings in homes and conduct information drives outside embassies and consulates, Kahane said.

It may be winter, but Nye and his department are gearing up for a record season in the system of 61 year-round state parks spread around Ohio.
There will be some new facilities this year and some expanded amenities for 1973's expected record visitor rush—normally running at full flood from May 30 through Labor Day.
There were 40 million last year—2 million more than the previous year—but Nye said adverse weather hampered attendance. This year, with more parks and facilities and with good weather, he said, he is confident of the projected record.
New facilities include Barkcamp State Park near St. Clairsville which has a new beach, a parking area near the beach, picnic areas, and roads to service them.

Tinkers Creek in Portage County will be opening, and will feature new camp grounds.
Late in the summer, Nye said, Buck Creek should be ready for complete use. It is located near Springfield close to the Clarence J. Brown Reservoir.

Lima Station Attendant Slain During Holdup

LIMA, Ohio (AP) — Police continued their search today for the two men believed to have shot and killed a 22-year-old Allen County service station attendant during a robbery early this morning.
The attendant at the near-downtown Lima station was identified as John W. Sterling of Rt. 2, Elida.
Police said a passing motorist, who had stopped for a light in front of the station, saw two men speed away in a dark-colored car. The motorist said he then saw Sterling attempt to make a phone call and collapse.
Police said the shooting occurred about 3:20 a.m. They said a small amount of money had been taken, but that the men had not bothered with a coin changer, found on Sterling's body.

Frericks, Webb, Mogan Gain Berths In State Mat Meet

Circleville finished third in the District wrestling meet Saturday at DeSales. Tom Frericks, Dave Webb and Gary Mogan placed first in the district to gain berths in the State meet to be held Friday and Saturday at St. John Arena.

DeSales captured the team event with 104 points, Watterson had 53, Circleville 45, Olenatangi 43½, Bexley 28½ and Jonathan Alder 22. Teays Valley tallied 10 points in the meet.

Frericks, heavyweight, pinned

Fuchs, Watkins Memorial; decisioned Ingalls, Bexley; and decisioned Esquinas, DeSales, 10-4.

Webb, 132-pound decisioned Haire, Lakewood; decisioned Byrne, Hartley; and decisioned Dietlin, Ready, 7-3.

Mogan, 167-pound, decisioned Music, Mifflin; decisioned Martin, BV, overtime; and decisioned Williamson, Teays Valley, overtime, 3-2.

DeSales qualified five wrestlers for the State meet, Circleville three and

the most any other school sent was one. Action at St. John Arena will get underway at noon on Friday.

Frericks will be carrying a 25-0 record into the State competition, Webb is 25-1 and Mogan 18-2. Teays Valley's Jim Williamson placed second in the district and has a season mark of 23-4.

Circleville coach Brent Bell made the following statement after the disputed final match between Mogan of Circleville and Williamson of Teays Valley.

"It was unfortunate that two boys of

the caliber of Mogan and Williamson had to meet in the finals and one had to lose in a match that was marred by poor officiating or at least very disputed officiating.

"Because of an error in score keeping, a referee's decision was announced which was inaccurate. Both boys were left hanging and a wrestle-off was decided upon by the coaches. At the time of the wrestle-off an error was found in the original overtime score which gave Mogan the final decision."

"As a coach I cannot say too much about Gary and Jim. They are both outstanding wrestlers and fine gentlemen. Its just too bad the final decision in their match had to end in such a hassle."

Smashing 23-Under-Par 265 Gives Buddy Allin Win

ORLANDO, Fla. (AP) — More than ever, he looked like a refugee from the Our Gang Comedy Kids.

He's a skinny little guy, freckle-faced and red-haired. The victory jacket he had just been presented almost swallowed up his 135 pounds. It hung loosely on his shoulders and the sleeves drooped over his knuckles.

But Buddy Allin couldn't have been happier. He grinned like the drug store delivery boy with a 50 cent tip.

"I really wanted to win another tournament," said the 28-year-old, a four-time decorated veteran of Vietnam. "I'd won before but I kind of backed into it."

"I won, then kind of faded and really wanted to win again. Winning the second one was a lot harder than winning the first."

That was only because it was two years in coming. When he got around to it, Allin scored by a whopping eight strokes with a 23-under-par total of 265 Sunday in the \$150,000 Florida Citrus Open Golf Tournament.

His winning margin and his sub-par total were the largest on the pro tour this season, and his sub-par figure was only three off the all-time tour record of 26 under by Gay Brewer in the 1966

Pensacola Open.

Allin, who won the Greensboro Open in his rookie season of 1971, had a five-under-par 67 in the final round on the 6,928-yard Rio Pinar Country Club course. He birdied two of his first three holes, opening up a six-stroke margin, and coasted in.

It wasn't long after that, that Gibby Gilbert told him:

"Okay, I'm through trying to catch you. I'm playing for second place."

So was everyone else.

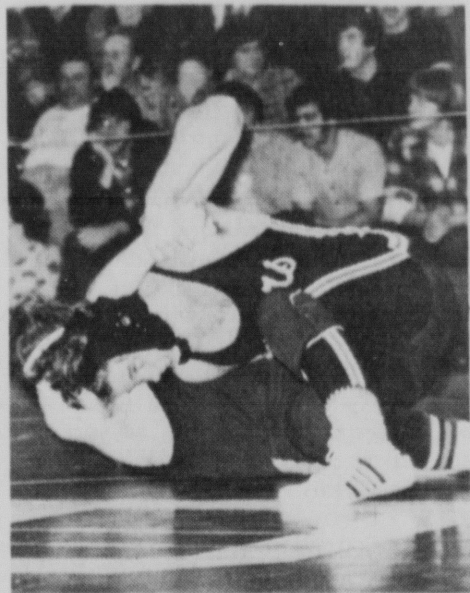

Former Masters champion Charles Coody got it, putting together a final 66

for 273, 15 under par but eight behind Allin.

Tied for third at 274 were Chi Chi Rodriguez, Homero Blancas, Grier Jones and Kermit Zarley.

Lee Trevino, a winner in his last previous start, never really got into contention. He had a final 71 for 278. Jack Nicklaus didn't compete. Arnold Palmer failed to qualify for the final two rounds. Australian Bruce Crampton finished well back at 72—271 but retained his spot as the season's leading moneywinner with \$77,561.

Allin collected \$30,000.

Hornyak Big Enough

COLUMBUS, Ohio (AP) — Adolph Rupp scoffed at the idea Ohio State guard Allan Hornyak is too slow and too small for professional basketball.

The retired University of Kentucky mentor, now president of the Memphis franchise in the American Basketball Association, watched Hornyak score 20 points in the Buckeyes' 65-64 Big Ten victory over Illinois Saturday night.

"He's quick enough to play pro ball," the famed Baron drawled. "Even at his size (6-1) he can play."

Rupp also liked the looks of Luke Witte, Ohio State's 7-foot center, who has shaken a slump and scored 15 points against the Illini.

"Witte is rebounding better than I expected. He's a prospect because of his size. We can put some weight on him and roughen him up. He can play," Rupp said.

Rupp isn't so certain about Nick Weatherspoon of Illinois, who has been leading the Big Ten in scoring before Wardell Jackson limited him to nine points. Weatherspoon was averaging almost 26 points.

"He's not moving around nearly as much as I would like to see. I'd like to see him rougher under the boards too," Rupp said.

Cincinnati Swords

Win Rugged Contest

By THE ASSOCIATED PRESS

Sometimes it's tough to know when to quit, as Ron Busniuk of the Cincinnati Swords and Rick McCann of the Virginia Redwings will testify.

Busniuk and McCann got into a fight during their American Hockey League game Sunday at Cincinnati. As expected, both were banished to the penalty box. However, they continued their fight off the ice and both were finally given early showers by the referee.

Referee Alf Lejeune handed out 70 minutes in penalties, and also ejected Cincinnati's Jake Rathwell and Virginia's Brian McCutcheon, as the Swords managed a 3-2 victory.

Cougars Rout Nets

By THE ASSOCIATED PRESS

The Carolina Cougars came out of the fog Sunday afternoon and landed on the New York Nets in an American Basketball Association game.

The Cougars were delayed in North Carolina and arrived about an hour late for their game with the Nets. The Nets wished they never made it as the Cougars routed the Nets 123-111.

Billy Cunningham, who only warmed up for several minutes before the game, combined for 23 points in the third period with Joe Caldwell to break up a close game and start a rout.

Carolina led 63-58 at halftime but Cunningham and Caldwell each scored four points in a 10-2 streak at the start of the third period that put the East Division leading Cougars out of reach.

In other ABA action, Indiana edged Dallas 121-118, Kentucky blasted Memphis 121-91, Denver beat Utah 133-125 in overtime and San Diego edged Virginia 115-110.

In ABA action Saturday, Denver bombed Dallas 124-106, Carolina thrashed Memphis 132-114 and Utah topped San Diego 118-107.

IN A CROWD — Dan Graham of the Circleville Tigers gets a shot off despite the defensive efforts of Jeff Anderson (30), Jim Logsdon (44) and Jay Brinker (32) of Teays Valley. The Vikings put on a torrid shooting barrage to stop the Tigers, 91-70, in the sectional finals at the Fairgrounds Coliseum.

MAN OF THE HOUR — Teays Valley's Craig Pontius (14) moves with the ball to evade Glen Gillespie (13) and Robin Martin (21) of Circleville in the sectional final Saturday at the Fairgrounds Coliseum. Pontius hooped 31 points to pace the Vikings to a 91-70 win over the Tigers.

BG, Toledo Share 2nd Place

COLUMBUS, Ohio (AP) — As far as Bowling Green Coach Pat Haley is concerned, the Falcons' 59-40 basketball loss to Toledo Saturday night didn't change a thing. He figures his squad made great strides this

season.

"I'm tremendously proud of our young kids this year," Haley said. "We went from last to second place and we didn't have a losing season. Our players learned a lot about what it takes to win this season."

Pete Rose No-Show For Reds

TAMPA, Fla. (AP) — Outfielder Pete Rose remained a holdout today as the Cincinnati Reds entered their fifth day of spring training.

The defending National League champions announced the signing of shortstop Dave Concepcion Sunday, leaving Rose and outfielder Cesar Geronimo as the only unsigned Reds.

Geronimo has not appeared at camp, but is not considered a holdout.

Rose and the Reds apparently reached a deadlock with the two parties about \$2,500 apart.

Rose thinks \$120,000 would be a fair wage for 1973, based partly on the fact he's batted over .300 eight consecutive seasons.

The Reds are reported to have offered about \$117,500.

As the impasse continued, a retired Cincinnati maintenance and machine shop foreman, Herbert Johns, proposed a solution for the Reds, and Rose.

He suggested, perhaps tongue in cheek, that Cincinnati fans chip in \$1 apiece to help bridge the dollar gap between Rose and Reds General Manager Bob Howsam.

"I'm not saying give it to Rose," Johns said. "If Howsam needs it more, give it to Howsam."

Actually, Bowling Green was forced to share second place in the Mid-American Conference standings with Toledo as a result of Saturday night's game. Both teams finished the season with 7-5 league marks.

Conference champion Miami (9-2) dined celler-dweller Western Michigan 71-68, while Kent State (5-7) surprised Ohio University 75-71 to move ahead of Central Michigan (4-6) into fifth place in the standings behind the Bobcats (6-5). Central Michigan was a 70-67 victim of non-conference foe Akron Saturday.

Toledo, led by Tom Kozelko with 21 points and 16 rebounds, solved the Bowling Green zone and jumped off to a 36-20 halftime advantage. Kozelko finished with a career total of 1,561 points.

Cornelius Cash paced the Falcons with 15 points before fouling out with 6:32 remaining to play.

Miami beat Western Michigan from the free throw line, making 17 of 22 charity tosses to 14 of 30 by the Broncos. Both teams had 27 field goals.

Phil Lumpkin led the Redskins with 22 points and Frank Ayers was the top shooter for Western Michigan with 19.

Kent State came back from a 23-8 deficit in the first half to edge Ohio University. The score was deadlocked 35-35 at intermission and the Golden Flashes went ahead for good at 44-43 with 15:12 left.

Rick Gates and Fred Walter sparked the Kent attack with 21 and 19 points, respectively. Bill Brown paced the Bobcats with 18.

NCAA tournament-bound Akron's

victory was its 12th straight, upping its record to 20-4. For Central Michigan, the game set three records. Ben Kelso became the top scorer in school history with a career total of 1,627, Dan Roundfield had a season record 346 rebounds and Dirk Dunbar had a season total of 471 points, tops ever for a freshman.

Maravich, Hudson Lead Hawks Win

By THE ASSOCIATED PRESS

They don't call Pete Maravich "Pistol" for nothing. Lou Hudson packs a pretty good wallop, too.

Together, Atlanta's top shooters scored 74 points to lead the Hawks to a wild 138-130 National Basketball Association victory over the Philadelphia 76ers Sunday.

"There was some shooting going on out there today," said Atlanta Coach Cotton Fitzsimmons.

"That was really a shooting match out there," added Philadelphia Coach Kevin Loughery. "They run and shoot the ball just super."

Maravich, who scored 38 points overall, and Hudson, 34, helped Atlanta run up 49 points in the third quarter, just four below the NBA record for a period.

Loughery was duly impressed with their high-powered performance.

"Atlanta is playing as good as anyone I've seen all year," said Loughery. "They could go a long way in the playoffs if they keep up that running game like they had today."

UCLA Edges Past Stanford

By KEN RAPPORT

Associated Press Sports Writer

Want to know how to beat UCLA in basketball? Coach Howie Dallmar of Stanford has an easier solution than locking the Bruins in their dressing room.

"In order to beat UCLA, you must control the tempo of the game," says Dallmar. "You cannot take bad shots. Any team that can control the ball for 28 to 30 minutes has a chance to win. That means you don't have to spend all your time defending the Bruins."

Aspirants for a national basketball championship, please take note. You'd be listening to a man whose team had almost beaten mighty UCLA.

The Bruins, who have won the NCAA title six straight years and will be making another appearance as a result of winning the Pacific-8 title,

had some scary moments before scoring their 70th consecutive victory, a 51-45 spinetinger over Stanford Saturday night.

Stanford had a 25-18 lead at the half by "controlling" the game with stalling tactics. But the Bruins, who could only manage seven of 23 field goal attempts in the first half, got their attack untracked behind Bill Walton in the second half.

The lanky redhead scored 15 of his 23 points in the last half, helping the amazing Bruins add to their record winning-streak.

Top-ranked UCLA, which had clinched the Pacific-8 championship Friday night with a victory over California, was the first of the conference champions crowned over the weekend.

Eight teams won titles the past

weekend and moved into the NCAA playoffs. The national championship will be settled in St. Louis on March 26 after two weeks of regional competition.

Along with UCLA, the latest title-winners were Penn in the Ivy League, Kansas State in the Big Eight, Furman in the Southern Conference, St. Joseph's, Pa., in the Middle Atlantic Conference, Austin Peay in the Ohio Valley Conference, Arizona State in the Western Athletic Conference and the University of San Francisco in the West Coast Athletic Conference.

Penn won its fourth straight Ivy crown with a 74-46 victory over Dartmouth; Kansas State topped Nebraska 97-70, grabbing the Big Eight for the second year in a row; Furman nailed down the Southern Conference title, beating favored Davidson 99-81 in the league playoffs.

for 273, 15 under par but eight behind Allin.

Tied for third at 274 were Chi Chi Rodriguez, Homero Blancas, Grier Jones and Kermit Zarley.

Lee Trevino, a winner in his last previous start, never really got into contention. He had a final 71 for 278. Jack Nicklaus didn't compete. Arnold Palmer failed to qualify for the final two rounds. Australian Bruce Crampton finished well back at 72-27½ but retained his spot as the season's leading moneywinner with \$77,561.

Allin collected \$30,000.

Hornyak Big Enough

COLUMBUS, Ohio (AP) — Adolph Rupp scoffed at the idea Ohio State guard Allan Hornyak is too slow and too small for professional basketball.

The retired University of Kentucky mentor, now president of the Memphis franchise in the American Basketball Association, watched Hornyak score 20 points in the Buckeyes' 65-64 Big Ten victory over Illinois Saturday night.

"He's quick enough to play pro ball," the famed Baron drawled. "Even at his size (6-1) he can play."

Rupp also liked the looks of Luke Witte, Ohio State's 7-foot center, who has shaken a slump and scored 15 points against the Illini.

"Witte is rebounding better than I expected. He's a prospect because of his size. We can put some weight on him and roughen him up. He can play," Rupp said.

Rupp isn't so certain about Nick Weatherspoon of Illinois, who has been leading the Big Ten in scoring before Wardell Jackson limited him to nine points. Weatherspoon was averaging almost 26 points.

"He's not moving around nearly as much as I would like to see. I'd like to see him rougher under the boards too," Rupp said.

Cincinnati Swords

Win Rugged Contest

By THE ASSOCIATED PRESS

Sometimes it's tough to know when to quit, as Ron Busniuk of the Cincinnati Swords and Rick McCann of the Virginia Redwings will testify.

Busniuk and McCann got into a fight during their American Hockey League game Sunday at Cincinnati. As expected, both were banished to the penalty box. However, they continued their fight off the ice and both were finally given early showers by the referee.

Referee Alf Lejeune handed out 70 minutes in penalties, and also ejected Cincinnati's Jake Rathwell and Virginia's Brian McCutcheon, as the Swords managed a 3-2 victory.

Cougars Rout Nets

By THE ASSOCIATED PRESS

The Carolina Cougars came out of the fog Sunday afternoon and landed on the New York Nets in an American Basketball Association game.

The Cougars were delayed in North Carolina and arrived about an hour late for their game with the Nets. The Nets wished they never made it as the Cougars routed the Nets 123-111.

Billy Cunningham, who only warmed up for several minutes before the game, combined for 23 points in the third period with Joe Caldwell to break up a close game and start a rout.

Carolina led 63-58 at halftime but Cunningham and Caldwell each scored four points in a 10-2 streak at the start of the third period that put the East Division leading Cougars out of reach.

In other ABA action, Indiana edged Dallas 121-118, Kentucky blasted Memphis 121-91, Denver beat Utah 133-125 in overtime and San Diego edged Virginia 115-110.

In ABA action Saturday, Denver bombed Dallas 124-106, Carolina thrashed Memphis 132-114 and Utah topped San Diego 118-107.

IN A CROWD — Dan Graham of the Circleville Tigers gets a shot off despite the defensive efforts of Jeff Anderson (30), Jim Logsdon (44) and Jay Brinker (32) of Teays Valley. The Vikings put on a torrid shooting barrage to stop the Tigers, 91-70, in the sectional finals at the Fairgrounds Coliseum.

MAN OF THE HOUR — Teays Valley's Craig Pontius (14) moves with the ball to evade Glen Gillespie (13) and Robin Martin (21) of Circleville in the sectional final Saturday at the Fairgrounds Coliseum. Pontius hooped 31 points to pace the Vikings to a 91-70 win over the Tigers.

UCLA Edges Past Stanford

By KEN RAPPORT

Associated Press Sports Writer

Want to know how to beat UCLA in basketball? Coach Howie Dallmar of Stanford has an easier solution than locking the Bruins in their dressing room.

"In order to beat UCLA, you must control the tempo of the game," says Dallmar. "You cannot take bad shots. Any team that can control the ball for 28 to 30 minutes has a chance to win. That means you don't have to spend all your time defending the Bruins."

Aspirants for a national basketball championship, please take note. You'd be listening to a man whose team had almost beaten mighty UCLA.

The Bruins, who have won the NCAA title six straight years and will be making another appearance as a result of winning the Pacific-8 title,

had some scary moments before scoring their 70th consecutive victory, a 51-45 spinetinger over Stanford Saturday night.

Stanford had a 25-18 lead at the half by "controlling" the game with stalling tactics. But the Bruins, who could only manage seven of 23 field goal attempts in the first half, got their attack untracked behind Bill Walton in the second half.

The lanky redhead scored 15 of his 23 points in the last half, helping the amazing Bruins add to their record winning-streak.

Top-ranked UCLA, which had clinched the Pacific-8 championship Friday night with a victory over California, was the first of the conference champions crowned over the weekend.

Eight teams won titles the past

weekend and moved into the NCAA playoffs. The national championship will be settled in St. Louis on March 26 after two weeks of regional competition.

Along with UCLA, the latest title-winners were Penn in the Ivy League, Kansas State in the Big Eight, Furman in the Southern Conference, St. Joseph's, Pa., in the Middle Atlantic Conference, Austin Peay in the Ohio Valley Conference, Arizona State in the Western Athletic Conference and the University of San Francisco in the West Coast Athletic Conference.

Penn won its fourth straight Ivy crown with a 74-46 victory over Dartmouth; Kansas State topped Nebraska 97-70, grabbing the Big Eight for the second year in a row; Furman nailed down the Southern Conference title, beating favored Davidson 99-81 in the league playoffs.

BG, Toledo Share 2nd Place

COLUMBUS, Ohio (AP) — As far as Bowling Green Coach Pat Haley is concerned, the Falcons' 59-40 basketball loss to Toledo Saturday night didn't change a thing. He figures his squad made great strides this

season.

"I'm tremendously proud of our young kids this year," Haley said. "We went from last to second place and we didn't have a losing season. Our players learned a lot about what it takes to win this season."

Actually, Bowling Green was forced to share second place in the Mid-American Conference standings with Toledo as a result of Saturday night's game. Both teams finished the season with 7-5 league marks.

Conference champion Miami (9-2) dined celler-dweller Western Michigan 71-68, while Kent State (5-7) surprised Ohio University 75-71 to move ahead of Central Michigan (4-6) into fifth place in the standings behind the Bobcats (6-5). Central Michigan was a 70-67 victim of non-conference foe Akron Saturday.

Toledo, led by Tom Kozelko with 21 points and 16 rebounds, solved the Bowling Green zone and jumped off to a 36-20 halftime advantage. Kozelko finished with a career total of 1,561 points.

Cornelius Cash paced the Falcons with 15 points before fouling out with 6:32 remaining to play.

Miami beat Western Michigan from the free throw line, making 17 of 22 charity tosses to 14 of 30 by the Broncos. Both teams had 27 field goals.

Phil Lumpkin led the Redskins with 22 points and Frank Ayers was the top shooter for Western Michigan with 19. Kent State came back from a 23-8 deficit in the first half to edge Ohio University. The score was deadlocked 35-35 at intermission and the Golden Flashes went ahead for good at 44-43 with 15:12 left.

Rick Gates and Fred Walter sparked the Kent attack with 21 and 19 points, respectively. Bill Brown paced the Bobcats with 18.

NCAA tournament-bound Akron's

victory was its 12th straight, upping its record to 20-4. For Central Michigan, the game set three records. Ben Kelso became the top scorer in school history with a career total of 1,627. Dan Roundfield had a season record 346 rebounds and Dirk Dunbar had a season total of 471 points, tops ever for a freshman.

Maravich, Hudson Lead Hawks Win

By THE ASSOCIATED PRESS

They don't call Pete Maravich "Pistol" for nothing. Lou Hudson packs a pretty good wallop, too.

Together, Atlanta's top shooters scored 74 points to lead the Hawks to a wild 138-130 National Basketball Association victory over the Philadelphia 76ers Sunday.

"There was some shooting going on out there today," said Atlanta Coach Cotton Fitzsimmons.

"That was really a shooting match out there," added Philadelphia Coach Kevin Loughery. "They run and shoot the ball just super."

Maravich, who scored 38 points overall, and Hudson, 34, helped Atlanta run up 49 points in the third quarter, just four below the NBA record for a period.

Loughery was duly impressed with their high-powered performance.

"Atlanta is playing as good as anyone I've seen all year," said Loughery. "They could go a long way in the playoffs if they keep up that running game like they had today."

Pete Rose No-Show For Reds

TAMPA, Fla. (AP) — Outfielder Pete Rose remained a holdout today as the Cincinnati Reds entered their fifth day of spring training.

The defending National League champions announced the signing of shortstop Dave Concepcion Sunday, leaving Rose and outfielder Cesar Geronimo as the only unsigned Reds. Geronimo has not appeared at camp, but is not considered a holdout.

Rose and the Reds apparently reached a deadlock with the two parties about \$2,500 apart.

Rose thinks \$120,000 would be a fair wage for 1973, based partly on the fact he's batted over .300 eight consecutive seasons.

The Reds are reported to have offered about \$117,500.

As the impasse continued, a retired Cincinnati maintenance and machine shop foreman, Herbert Johns, proposed a solution for the Reds, and Rose.

He suggested, perhaps tongue in cheek, that Cincinnati fans chip in \$1 apiece to help bridge the dollar gap between Rose and Reds General Manager Bob Howsam.

"I'm not saying give it to Rose," Johns said. "If Howsam needs it more, give it to Howsam."

Baltimore Orioles Plan Comeback Attempt

MIAMI, Fla. (AP) — The Baltimore Orioles, brought back to earth with a thud last year, will be out to reestablish their supremacy this season in the American League's Eastern Division. It may not be easy. Following a pattern which helped produce four pennants in six seasons prior to 1972, the Orioles went shopping in the National League during the off-season and obtained heavy-hitting Earl Williams from the Atlanta Braves.

Previous acquisitions—Frank Robinson, Mike Cuellar and Pat Dobson—contributed mightily to Baltimore championships. It remains to be seen, however, if the price paid for Williams was too costly.

Undoubtedly, something had to be done to juice up a faltering attack which was the chief reason the Orioles

dropped to third place last year, five games behind division champion Detroit.

Playing without Robinson for the first time since 1966, the Orioles batted .229 as a team, a drop of 32 points, hit 58 fewer home runs and scored 223 fewer runs. Their record in one-run decisions was 22-31.

But in satisfying their longsought need for a slugging catcher, the Orioles thinned both their pitching and infield ranks.

The players sent to Atlanta for Williams and a minor league infielder included Dobson, who won 36 games during the past two seasons, young pitching prospect Roric Harrison, veteran infielder Dave Johnson, and catcher Johnny Oates.

Manager Earl Weaver, who managed pennant winners in each of his first three full seasons, was elated to obtain Williams but acknowledged the possible pitfalls.

"You never know about pitching from year to year," he said, "but right now, I think ours should be good."

"As far as the frontline is concerned, our infield should be as good, if not better, than last year. But we'll have to sweat out injuries, because we won't have as much protection."

The pitching could be suspect should the arm problems continue for Dave McNally, whose record dipped to 13-17 last year after four successive 20-victory seasons, or should Cuellar become ineffective as he reaches 36 early in May.

The infield is solid defensively with Brooks Robinson at third, shortstop Mark Belanger, second baseman Bobby Grich, and Boog Powell at first.

Larry Brown, signed as a free agent after being released by Oakland, could provide the backup insurance in the

field, while young Enos Cabell, who led the Venezuelan League in hitting, can play first base or be a designated pinch hitter.

The outfield picture also will be simplified now that veteran Don Buford, who tumbled to .206 last year, has decided to play in Japan.

New Methods Aid Learning Spanish

By VIVIAN BROWN
AP Newsfeatures Writer
Spanish is fast becoming America's second language and "hablo espanol" may become a more familiar response than "I don't speak Spanish."

The need to communicate with a growing population of Spanish-speaking people and the importance of other languages in travel and business are providing impetus for many Americans to attend language schools where new methods of teaching are helping to simplify learning.

In fact a language school explosion has resulted. So says Irene E. Gorman of Palo Alto, Calif., former security analyst and school teacher, in explaining the rapid growth of the 26 language schools she heads as president — all directed by women — and the plans to open 10 additional schools this winter. The schools use a system based on one devised by linguist Maurice Sullivan when he was charged with training American officers in German for the Nuremberg trials.

"People are studying Spanish for a variety of needs," she observed. "Doctors, attorneys, professors, nurses, pilots, searlesses, real estate operators are using Spanish in their work."

Policemen and government agency people in California are studying it to deal with Spanish-speaking people. Rudy Vallee studied it to incorporate Spanish songs into his act. Even the Japanese are learning Spanish to cope in bi-lingual areas. Kathy Crosby studied Spanish because she has a house in Mexico — and she went on to learn German in two months before she went to the Olympic games. For his role in "The Cop", Richard Crenna studied French.

Many business firms are enrolling employees, Miss Gorman explained. Sears Roebuck has begun projects in Spanish and French for buyers and management people who work with foreign nations. Some businesses are giving language breaks for study instead of coffee breaks. And apparently one is never too old to learn — there are many septuagenarians in the classes.

Languages taught at the Sullivan Language Schools are limited to Spanish, French, German or English, which satisfy the needs of 90 per cent of applicants. The scientific approach used to develop the courses — not being introduced in some public schools — takes many years of evaluation.

Sullivan's original method of teaching during the trials was with wire recorders, foreurnners of today's tape recorders. In 1958 with a grant from the Carnegie Foundation, he engaged in a pilot study to relate his method to teaching machines which are now used at the schools.

"The system requires nothing to be memorized, no conjugation of verbs, no lists of vocabulary," Miss Gorman explained. "All four language skills — reading, writing, listening, understanding — are taught simultaneously. It is based on a theory that a person learns by responding to questions which are put to him on tape

In public schools where the method, "Project Speak", has been introduced, schools rent cassettes, headsets and portable audio equipment. Teachers are taught how to let an entire classroom proceed at each individual's pace, Miss Gorman explained.

New Methods Aid Learning Spanish

By VIVIAN BROWN AP Newsfeatures Writer Spanish is fast becoming America's second language and "hablo espanol" may become a more familiar response than "I don't speak Spanish."

The need to communicate with a growing population of Spanish-speaking people and the importance of other languages in travel and business are providing impetus for many Americans to attend language schools where new methods of teaching are helping to simplify learning.

In fact a language school explosion has resulted. So says Irene E. Gorman of Palo Alto, Calif., former security analyst and school teacher, in explaining the rapid growth of the 26 language schools she heads as president — all directed by women — and the plans to open 10 additional schools this winter. The schools use a system based on one devised by linguist Maurice Sullivan when he was charged with training American officers in German for the Nuremberg trials.

"People are studying Spanish for a variety of needs," she observed. "Doctors, attorneys, professors, nurses, pilots, searlesses, real estate operators are using Spanish in their work."

Policemen and government agency people in California are studying it to deal with Spanish-speaking people. Rudy Vallee studied it to incorporate Spanish songs into his act. Even the Japanese are learning Spanish to cope in bi-lingual areas. Kathy Crosby studied Spanish because she has a house in Mexico — and she went on to learn German in two months before she went to the Olympic games. For his role in "The Cop", Richard Crenna studied French.

Many business firms are enrolling employees, Miss Gorman explained. Sears Roebuck has begun projects in Spanish and French for buyers and management people who work with foreign nations. Some businesses are giving language breaks for study instead of coffee breaks. And apparently one is never too old to learn — there are many septuagenarians in the classes.

GENERAL TENDENCIES: A day when you wish to put some new ventures into execution, but it would be a most unwise course. It is suggested you study your activities and be more prepared to put them in motion on another day. Be sure to sidestep a brewing argument. Avoid expressing prejudices.

ARIES (Mar. 21 to Apr. 19) You are irritated and want to blast at others, but silence would be your best weapon now. Study the work you have to do. Do not commit yourself to anything you cannot follow through on.

TAURUS (Apr. 20 to May 20) You want to run away from pressures to do something else but this only leads to more trouble, so take time to relax and think. Then you will be able to handle everything in stride.

GEMINI (May 21 to June 21) Not a good day to ask a friend for a favor, since this person is busy now. Wait until next week. Do more work and forget social fun which would be disappointing, anyway. Gain more ambition.

MOON CHILDREN (June 22 to July 21) Anything of a civic nature done quietly and well will bring many benefits at this time. Taking even a small risk could be dangerous today. Show that you are a dependable person.

LEO (July 22 to Aug. 21) Many new activities are very appealing, but choose wisely or you could get into real trouble. Obtain the data you need before you proceed. He who travels slowly, travels safely and travels well.

VIRGO (Aug. 22 to Sept. 22) Don't feel imposed upon because you have assumed so many responsibilities, but carry through in an objective manner. Intuitive faculties are not working well today, so use your logic.

LIBRA (Sept. 23 to Oct. 22) Listen to what an irate associate has to say, but don't lose your temper. Steer clear of one who opposes you and avoid trouble. Be sure to arrive on time for an important business appointment.

SCORPIO (Oct. 23 to Nov. 21) Remain busy at your work and have little or no discussion with co-workers, otherwise arguments could arise. Take the health treatments you need and build up your energy for the days ahead.

SAGITTARIUS (Nov. 22 to Dec. 21) Keep personal matters to yourself if you want to avoid a big argument at home, but quietly get rid of whatever is causing the trouble. A new plan you have needs more study.

CAPRICORN (Dec. 22 to Jan. 20) Travel with utmost care so that you avoid a possible accident. Formulate a new plan you have so you can discuss it later with good friends. Avoid one who has a eye on your assets.

AQUARIUS (Jan. 21 to Feb. 19) Use extreme care with your money, either in spending or investing, and listen to what a monetary expert has to suggest. Don't rely on your intuition which could be off base right now.

PISCES (Feb. 20 to Mar. 20) You feel discontented and could take your ire out on good friends, so refrain from doing this. You can attend an important social event tonight provided you remain calm and poised.

IF YOUR CHILD IS BORN TODAY . . . he or she will be one of those delightful young people who loves to solve problems, so be sure to give an opportunity to do just that with whatever may arise at home during early youth. Teach to have a positive attitude toward life and then this becomes a very successful chart. Give the finest ethical and religious training possible. Sports are a natural here.

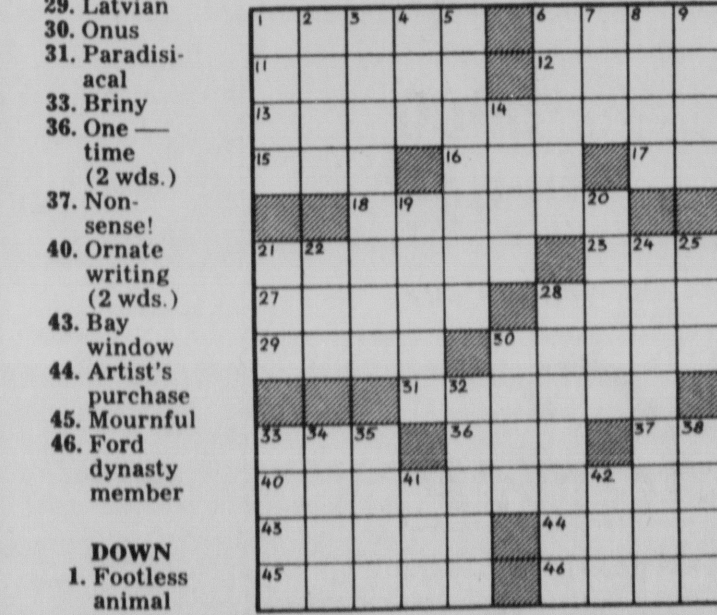

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
I S L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

NEW YORK (AP) — CBS calls it a "mini-cam." NBC calls it a PCP 90. By any name, it's a revolutionary new TV camera that'll quicken the already brisk pace of television news coverage.

It already is in use or scheduled for use in the news departments of the 10 CBS and NBC owned TV stations in the U.S. And others are watching to see how it works out.

The camera, like news film cameras, is carried by one man. Like film cameras, it can be plugged into external power sources or run for two hours on a battery pack toted by the cameraman.

But that's where the similarity ends. The new camera can send live transmissions on a small microwave antenna carried on the cameraman's backpack, although these transmissions must be relayed by larger antennas to the television studios.

The camera also can record events on videotape, reducing by as much as half the time now needed to develop and edit the film currently used by TV news teams on most stories.

It'll allow more live coverage of breaking stories simply because it doesn't require the thick, heavy cables, large crews and huge, costly mobile units now used for on-the-spot broadcasts.

And it's only the first in a new breed of portable, lightweight color TV cameras; even lighter and smaller cameras are in the works from Japanese and German firms.

It first was used in CBS'

coverage of the 1968 political convention and on a regular basis in October last year by WCAUTV, a CBS-owned station in Philadelphia, Pa.

NBC began regularly using the camera last December at its company-owned station in Washington, D.C.; both NBC and CBS started full-time use of the cameras at their stations here on Feb. 23.

Although both networks were aware of the camera's potential in 1968, they delayed putting it into full-time use, partly because they wanted to test it further and partly because they were waiting to see what Japanese and German manufacturers produced.

ABC News also plans to join the small camera crowd. It recently tested and rejected — for weight reasons — a German camera similar to the CBS "mini-cam," according to an ABC spokesman.

He said the network has bought and now is running engineering tests on two Japanese-made Akai TV cameras that are lighter than the CBS camera, but would function about the same way.

CARROLL RICHTER'S horoscope

GENERAL TENDENCIES: A day when you wish to put some new ventures into execution, but it would be a most unwise course. It is suggested you study your activities and be more prepared to put them in motion on another day. Be sure to sidestep a brewing argument. Avoid expressing prejudices.

ARIES (Mar. 21 to Apr. 19) You are irritated and want to blast at others, but silence would be your best weapon now. Study the work you have to do. Do not commit yourself to anything you cannot follow through on.

TAURUS (Apr. 20 to May 20) You want to run away from pressures to do something else but this only leads to more trouble, so take time to relax and think. Then you will be able to handle everything in stride.

GEMINI (May 21 to June 21) Not a good day to ask a friend for a favor, since this person is busy now. Wait until next week. Do more work and forget social fun which would be disappointing, anyway. Gain more ambition.

MOON CHILDREN (June 22 to July 21) Anything of a civic nature done quietly and well will bring many benefits at this time. Taking even a small risk could be dangerous today. Show that you a dependable person.

LEO (July 22 to Aug. 21) Many new activities are very appealing, but choose wisely or you could get into real trouble. Obtain the data you need before you proceed. He who travels slowly, travels safely and travels well.

VIRGO (Aug. 22 to Sept. 22) Don't feel imposed upon because you have assumed so many responsibilities, but carry through in an objective manner. Intuitive faculties are not working well today, so use your logic.

LIBRA (Sept. 23 to Oct. 22) Listen to what an irate associate has to say, but don't lose your temper. Steer clear of one who opposes you and avoid trouble. Be sure to arrive on time for an important business appointment.

SCORPIO (Oct. 23 to Nov. 21) Remain busy at your work and have little or no discussion with co-workers, otherwise arguments could arise. Take the health treatments you need and build up your energy for the days ahead.

SAGITTARIUS (Nov. 22 to Dec. 21) Keep personal matters to yourself if you want to avoid a big argument at home, but quietly get rid of whatever is causing the trouble. A new plan you have needs more study.

CAPRICORN (Dec. 22 to Jan. 20) Travel with utmost care so that you avoid a possible accident. Formulate a new plan you have so you can discuss it later with good friends. Avoid one who has a eye on your assets.

AQUARIUS (Jan. 21 to Feb. 19) Use extreme care with your money, either in spending or investing, and listen to what a monetary expert has to suggest. Don't rely on your intuition which could be off base right now.

PISCES (Feb. 20 to Mar. 20) You feel discontented and could take your ire out on good friends, so refrain from doing this. You can attend an important social event tonight provided you remain calm and poised.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people who loves to solve problems, so be sure to give an opportunity to do just that with whatever may arise at home during early youth. Teach to have a positive attitude toward life and then this becomes a very successful chart. Give the finest ethical and religious training possible. Sports are a natural here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Equal Rights Amendment Hearings Draw To Close

COLUMBUS, Ohio (AP) — Opponents will be heard Tuesday night in the fourth and final hearing in the House State Government Committee on the Equal Rights Amendment.

Again, a capacity crowd is expected for the hearing. The committee chairman, Rep. Michael Del Bane, D-56 Hubbard, said he expects the measure to go to the House floor for a vote within two weeks.

Del Bane said he wanted to give members time to study written testimony provided by persons interested in the hearings. He said only 12 of some 65 witnesses testified at the last hearing.

"I told all of these women who wanted to testify and didn't get a chance to that we would consider their statements," he said.

Other action in the legislature includes an expected House floor vote

Yablonski Murder Trial Opens Today

ERIE, Pa. (AP) — William J. Prater, a 53-year-old former United Mine Workers official from LaFollette, Tenn., was to go on trial here today on three state murder charges in the Yablonski slayings.

Prater is the third person to stand trial for the murders of UMW insurgent Joseph A. "Jock" Yablonski and his wife and daughter, who were shot to death as they slept in their Clarksville, Pa., farmhouse on New Year's Eve 1969.

Prater and Albert Pass, 58, a former union Executive Board member from Middlesboro, Ky., are the only two of seven persons arrested so far in the case yet to stand trial.

Both were indicted on murder charges last July by a grand jury in Washington County, scene of the killings.

Their trials were moved to Erie County, however, after their attorneys successfully argued that neither man could receive a fair trial in Washington County.

In earlier separate trials Paul Gilly, 38, a former Cleveland, Ohio, housepainter, and Aubran W. "Buddy" Martin were convicted and sentenced to death in the case.

Prater was implicated in the murders by Silous Huddleston, 63, a former UMW local president from LaFollette who has pleaded guilty in the killings.

5 Accidents Investigated By Deputies

Five accidents were investigated by the Pickaway County Sheriff's Department over the weekend. Only two involved personal injuries.

At 2:18 p.m. Sunday, William Irvin Pence, 17, 145 Highland Ave., lost control of the car he was driving on the Island Road just south of Mills Road. The car left the road and rolled over. Pence sustained a laceration of the lip and tongue and Jay Swackhammer, 17, a passenger, a laceration to his forearm.

At 6:30 p.m. Sunday Harold Eugene Reed, 47, 317 E. High St., lost control of his car in the village of Ashville just after making a turn. The car left the road, striking a tree. Reed sustained a laceration of the forehead. Four passengers in the vehicle were uninjured.

Cured Cancer Representative Looked For

The search is on for a cured cancer representative of Pickaway County to attend the annual luncheon, meet and have a picture taken with Minnie Pearl at the Student Union on the Ohio State University Campus.

Dr. Arthur G. James, president of the National American Cancer Society and trustee of the Ohio Division Board will speak along with Minnie Pearl and Bob Johnson, center of the Bengals football team and District Crusade Chairman.

The representative must have been cured five or more years to comply with qualifications. The deadline to contact Georgia Walker at 474-3014 is Wednesday.

Tuesday and action on a Senate bill.

The House measure would allow the director of transportation to negotiate with railroads over dangerous crossings. He could file complaints with the Public Utilities Commission of Ohio, which then could force installation of safety devices.

The Senate bill would allow cemetery land not containing graves to be appropriated by the state for highway purposes the same way the highway director can appropriate private property.

The House Finance Committee has scheduled three hearings on various requests in Gov. John Gilligan's \$9.7 billion biennial budget.

The new Senate Applied Technology and Local Services Committee is scheduled to tour a General Motors plant in Columbus Wednesday to view safety and emission devices in new automobiles. The committee is headed by Sen. Robert E. Stockdale, R-31 Kent.

Abernathy Says Nixon Insensitive

OXFORD, Ohio (AP) — The Rev. Ralph Abernathy, president of the Southern Christian Leadership Conference, says cutbacks in federal anti-poverty programs are "clear evidence that (President) Nixon is insensitive to the needs of poor people."

Abernathy told a Black Culture Week audience at Miami University over the weekend that "244 years of slavery and 100 years of 'separate but equal' didn't stop us, and President Nixon isn't going to stop us either."

"I am deeply concerned over the course that the Nixon Administration is following," he said.

"The cutback of Office of Economic Opportunity program is alarming and appalling."

Abernathy said there would be a "spring offensive" by the SCLC, and he predicted a return of "the long hot summers of the 1960s" as a result of the federal funding cutbacks.

"We plan to take the movement back to the streets where it belongs," Abernathy said.

Ohio Counts 19 Weekend Deaths

By THE ASSOCIATED PRESS

Ohio's streets and highways remained death free Sunday after Friday night and Saturday traffic fatalities totaled 19, the third highest weekend toll this year.

Seven of the fatalities, six of them from one family, occurred in a single-car crash Friday night.

The weekend count started at 6 p.m. Friday and ended at midnight Sunday.

The dead:

TOLEDO — Mrs. Lois Cook, 35; her children, Julie, 12; Charles, 11; Keith, 10; Andrew, 6, and Michael, 4, and neighbor girl, Kelli Green, 9, died when their car struck a tree along Ohio 64 in Lucas County

CANTON — Gertrude Irvin, 52, of Alliance, in a one-car accident on a Stark County road two miles west of Ohio 44.

GATES MILLS — Claudia Yared, 15, of Gates Mills, and Sally Corrigan, 13, of Cleveland Heights, were struck and killed as they walked along a street.

CHILLICOTHE — Jill E. Lundgren, 16, of Chillicothe, died in a two car accident on a Ross County road north of Chillicothe. Six persons were injured in the crash.

Forecast

OHIO WEATHER SUMMARY
The National Weather Service continued its flood alert today to residents along the Lake Erie shore between Toledo and Vermilion.

The Weather Service said that strong east to northeast winds forecast for today could force a rise of two feet or more in the lake level, which is already four to six feet above low water marks because of an unusually wet fall and winter.

One unknown factor, the Weather Service noted, was the ice on Lake Erie, which would tend to control the potential flooding. The Service said cloudy and foggy weather over the weekend made it impossible to determine how much of the ice has melted.

Meanwhile, weekend rains in Cleveland and Steubenville allowed air pollution alerts to be lifted in those two areas Sunday afternoon.

Heavy cloudiness and fog continued over much of the state this morning. Temperatures were mostly in the 40s and the 50s, although ice-covered Lake Erie helped pull lakeshore readings down to the 30s.

A storm centered over the mid-Mississippi Valley early today spread rain across most of the state today. The rain was forecast to continue today, then diminish to showers this evening. A few thundershowers were forecast for southern Ohio.

Temperatures today were expected to range from the mid 40s near Lake Erie into the 60s. Lows tonight are forecast in the 40s and 50s.

The forecast for the next few days continues wet and mild.

Mayors Take Conciliatory Approach On Tax Sharing

WASHINGTON (AP) — Sensing possible change of heart by the Nixon administration, the nation's municipal leaders have taken a conciliatory approach to the fiscal showdown between the federal and local governments.

The National League of Cities board voted Sunday to try to talk President Nixon out of money needed for local programs but to avoid a head-on collision.

66 Accidents Investigated By Deputies

The Pickaway County Sheriff's Department investigated a total of 66 accidents in February, bringing the total for the year to 137.

There were no fatal accidents investigated by deputies during February, but 18 involved injuries to 24 persons.

In 18 of the accidents, deputies noted the cause was failure of the driver to have his car under control. Speed was listed as the cause of 14, failure to maintain assured clear distance of five, driving left of center and reckless operation of four.

There were 14 arrests made as a result of the investigations during the month. The most dangerous time to be on the road is from 5 to 5:59 p.m. Ten of the accidents occurred during this period. The most dangerous day of the week was Thursday with 14 accidents occurring on that day. Pickaway Township had the most accidents, 10, with Circleville, Harrison and Washington Twp. have eight each.

The deputies also filed 250 "aid and incident" reports during February, including house checks, drug complaints, bank and funeral escorts, fights, fires, livestock on the road, trespassing and miscellaneous calls.

"We must recognize the President is in a very strong position on the question of federal domestic spending and that sustained unanimity by the Congress against him is not very likely," the board said in a policy statement.

"We may very well fight our particular issues in the Congress and with the executive but a declaration of all-out war on the executive is a course which is very unlikely to produce victory and which would be counterproductive to our interests," the board said.

The boldest suggestion from the board was to press "for lifting of hasty and ill-thought-out freezes and rapid development of new initiatives"

The action, at the start of a three-day joint meeting of the NLC and the United States Conference of Mayors, contrasted sharply with the challenge thrown down last week by the Democratic majority of the National Governors Conference.

The Democratic governors voted to oppose Nixon's special revenue sharing unless he gives them better answers to uncertainty brought on by his impoundment and by budget slashes for state and local programs financed chiefly by the federal government.

OHP Attacks Auto Defects

The Ohio State Highway Patrol inspected 12 percent more vehicles and issued 17 percent more equipment defect notifications in 1972 than the previous year, according to Colonel Robert M. Chiamonte, Patrol superintendent.

"The Patrol's random motor vehicle inspection operation consists of 27 inspection teams, located throughout the state, each made up of a patrolman and two motor vehicle inspectors," the Colonel said. "During 1972, these teams inspected 1,363,069 vehicles."

"When our officers detect repairable defects of not too serious a nature, they issue an equipment defect notification form to the driver," Colonel Chiamonte said. "A follow-up procedure is then used to make sure that these mechanical defects are corrected."

Vehicles found to be in such an unsafe condition as to endanger other highway users, the Colonel said, are immediately removed from the road.

Equal Rights Amendment Hearings Draw To Close

COLUMBUS, Ohio (AP) — Opponents will be heard Tuesday night in the fourth and final hearing in the House State Government Committee on the Equal Rights Amendment.

Again, a capacity crowd is expected for the hearing. The committee chairman, Rep. Michael Del Bane, D-56 Hubbard, said he expects the measure to go to the House floor for a vote within two weeks.

Del Bane said he wanted to give members time to study written testimony provided by persons interested in the hearings. He said only 12 of some 65 witnesses testified at the last hearing.

"I told all of these women who wanted to testify and didn't get a chance to that we would consider their statements," he said.

Other action in the legislature includes an expected House floor vote

Yablonski Murder Trial Opens Today

ERIE, Pa. (AP) — William J. Prater, a 53-year-old former United Mine Workers official from LaFollette, Tenn., was to go on trial here today on three state murder charges in the Yablonski slayings.

Prater is the third person to stand trial for the murders of UMW insurgent Joseph A. "Jock" Yablonski and his wife and daughter, who were shot to death as they slept in their Clarksville, Pa., farmhouse on New Year's Eve 1969.

Prater and Albert Pass, 58, a former union Executive Board member from Middlesboro, Ky., are the only two of seven persons arrested so far in the case yet to stand trial.

Both were indicted on murder charges last July by a grand jury in Washington County, scene of the killings.

Their trials were moved to Erie County, however, after their attorneys successfully argued that neither man could receive a fair trial in Washington County.

In earlier separate trials Paul Gilly, 38, a former Cleveland, Ohio, housepainter, and Aubran W. "Buddy" Martin were convicted and sentenced to death in the case.

Prater was implicated in the murders by Silous Huddleston, 63, a former UMW local president from LaFollette who has pleaded guilty in the killings.

5 Accidents Investigated By Deputies

Five accidents were investigated by the Pickaway County Sheriff's Department over the weekend. Only two involved personal injuries.

At 2:18 p.m. Sunday, William Irvin Pence, 17, 145 Highland Ave., lost control of the car he was driving on the Island Road just south of Mills Road. The car left the road and rolled over. Pence sustained a laceration of the lip and tongue and Jay Swackhammer, 17, a passenger, a laceration to his forearm.

At 6:30 p.m. Sunday Harold Eugene Reed, 47, 317 E. High St., lost control of his car in the village of Ashville just after making a turn. The car left the road, striking a tree. Reed sustained a laceration of the forehead. Four passengers in the vehicle were uninjured.

Cured Cancer Representative Looked For

The search is on for a cured cancer representative of Pickaway County to attend the annual luncheon, meet and have a picture taken with Minnie Pearl at the Student Union on the Ohio State University Campus.

Dr. Arthur G. James, president of the National American Cancer Society and trustee of the Ohio Division Board will speak along with Minnie Pearl and Bob Johnson, center of the Bengals football team and District Crusade Chairman.

The representative must have been cured five or more years to comply with qualifications. The deadline to contact Georgia Walker at 474-3014 is Wednesday.

Tuesday and action on a Senate bill.

The House measure would allow the director of transportation to negotiate with railroads over dangerous crossings. He could file complaints with the Public Utilities Commission of Ohio, which then could force installation of safety devices.

The Senate bill would allow cemetery land not containing graves to be appropriated by the state for highway purposes the same way the highway director can appropriate private property.

The House Finance Committee has scheduled three hearings on various requests in Gov. John Gilligan's \$9.7 billion biennial budget.

The new Senate Applied Technology and Local Services Committee is scheduled to tour a General Motors plant in Columbus Wednesday to view safety and emission devices in new automobiles. The committee is headed by Sen. Robert E. Stockdale, R-31 Kent.

Abernathy Says Nixon Insensitive

OXFORD, Ohio (AP) — The Rev. Ralph Abernathy, president of the Southern Christian Leadership Conference, says cutbacks in federal anti-poverty programs are "clear evidence that (President) Nixon is insensitive to the needs of poor people."

Abernathy told a Black Culture Week audience at Miami University over the weekend that "244 years of slavery and 100 years of 'separate but equal' didn't stop us, and President Nixon isn't going to stop us either."

"I am deeply concerned over the course that the Nixon Administration is following," he said.

"The cutback of Office of Economic Opportunity program is alarming and appalling."

Abernathy said there would be a "spring offensive" by the SCLC, and he predicted a return of "the long hot summers of the 1960s" as a result of the federal funding cutbacks.

"We plan to take the movement back to the streets where it belongs," Abernathy said.

Ohio Counts 19 Weekend Deaths

By THE ASSOCIATED PRESS

Ohio's streets and highways remained death free Sunday after Friday night and Saturday traffic fatalities totaled 19, the third highest weekend toll this year.

Seven of the fatalities, six of them from one family, occurred in a single-car crash Friday night.

The weekend count started at 6 p.m. Friday and ended at midnight Sunday.

The dead:

TOLEDO — Mrs. Lois Cook, 35; her children, Julie, 12; Charles, 11; Keith, 10; Andrew, 6, and Michael, 4, died when their car struck a tree along Ohio 64 in Lucas County

CANTON — Gertrude Irvin, 52, of Alliance, in a one-car accident on a Stark County road two miles west of Ohio 44.

GATES MILLS — Claudia Yared, 15, of Gates Mills, and Sally Corrigan, 13, of Cleveland Heights, were struck and killed as they walked along a street.

CHILLICOTHE — Jill E. Lundgren, 16, of Chillicothe, died in a two car accident on a Ross County road north of Chillicothe. Six persons were injured in the crash.

OHIO WEATHER SUMMARY

The National Weather Service continued its flood alert today to residents along the Lake Erie shore between Toledo and Vermilion.

The Weather Service said that strong east to northeast winds forecast for today could force a rise of two feet or more in the lake level, which is already four to six feet above low water marks because of an unusually wet fall and winter.

One unknown factor, the Weather Service noted, was the ice on Lake Erie, which would tend to control the potential flooding. The Service said cloudy and foggy weather over the weekend made it impossible to determine how much of the ice has melted.

Meanwhile, weekend rains in Cleveland and Steubenville allowed air pollution alerts to be lifted in those two areas Sunday afternoon.

Heavy cloudiness and fog continued over much of the state this morning. Temperatures were mostly in the 40s and the 50s, although ice-covered Lake Erie helped pull lakeshore readings down to the 30s.

A storm centered over the mid-Mississippi Valley early today spread rain across most of the state today. The rain was forecast to continue today, then diminish to showers this evening. A few thundershowers were forecast for southern Ohio.

Temperatures today were expected to range from the mid 40s near Lake Erie into the 60s. Lows tonight are forecast in the 40s and 50s.

The forecast for the next few days continues wet and mild.

Mayors Take Conciliatory Approach On Tax Sharing

WASHINGTON (AP) — Sensing possible change of heart by the Nixon administration, the nation's municipal leaders have taken a conciliatory approach to the fiscal showdown between the federal and local governments.

The National League of Cities board voted Sunday to try to talk President Nixon out of money needed for local programs but to avoid a head-on collision.

66 Accidents Investigated By Deputies

The Pickaway County Sheriff's Department investigated a total of 66 accidents in February, bringing the total for the year to 137.

There were no fatal accidents investigated by deputies during February, but 18 involved injuries to 24 persons.

In 18 of the accidents, deputies noted the cause was failure of the driver to have his car under control. Speed was listed as the cause of 14, failure to maintain assured clear distance of five, driving left of center and reckless operation of four.

There were 14 arrests made as a result of the investigations during the month. The most dangerous time to be on the road is from 5 to 5:59 p.m. Ten of the accidents occurred during this period. The most dangerous day of the week was Thursday with 14 accidents occurring on that day. Pickaway Township had the most accidents, 10, with Circleville, Harrison and Washington Twp. have eight each.

The deputies also filed 250 "aid and incident" reports during February, including house checks, drug complaints, bank and funeral escorts, fights, fires, livestock on the road, trespassing and miscellaneous calls.

OHP Attacks Auto Defects

The Ohio State Highway Patrol inspected 12 percent more vehicles and issued 17 percent more equipment defect notifications in 1972 than the previous year, according to Colonel Robert M. Chiaramonte, Patrol superintendent.

"The Patrol's random motor vehicle inspection operation consists of 27 inspection teams, located throughout the state, each made up of a patrolman and two motor vehicle inspectors," the Colonel said. "During 1972, these teams inspected 1,363,069 vehicles."

Vehicles found to be in such an unsafe condition as to endanger other highway users, the Colonel said, are immediately removed from the road.

FOOD PRICES HAVE GONE UP THE LEAST OF ANY MAJOR CONSUMER EXPENSE

This seems surprising, but the fact is: food prices haven't gone up as much as most other prices. The source for this fact is the United States Department of Labor.

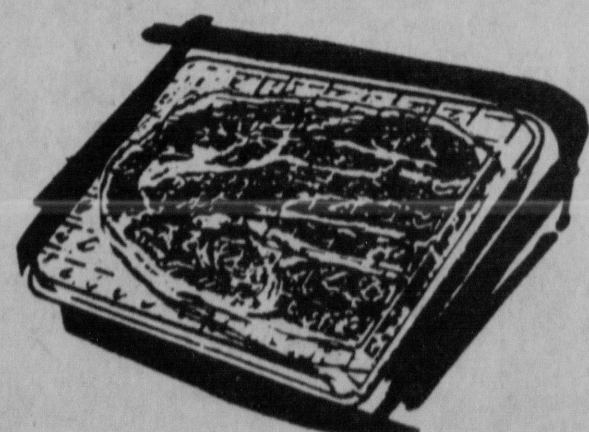

Compare the stastics:

Food in the	supermarket up 29% in ten years
Clothing	up 33% in ten years
Recreation	up 34% in ten years
Housing	up 37% in ten years
Medical Care	up 58% in ten years

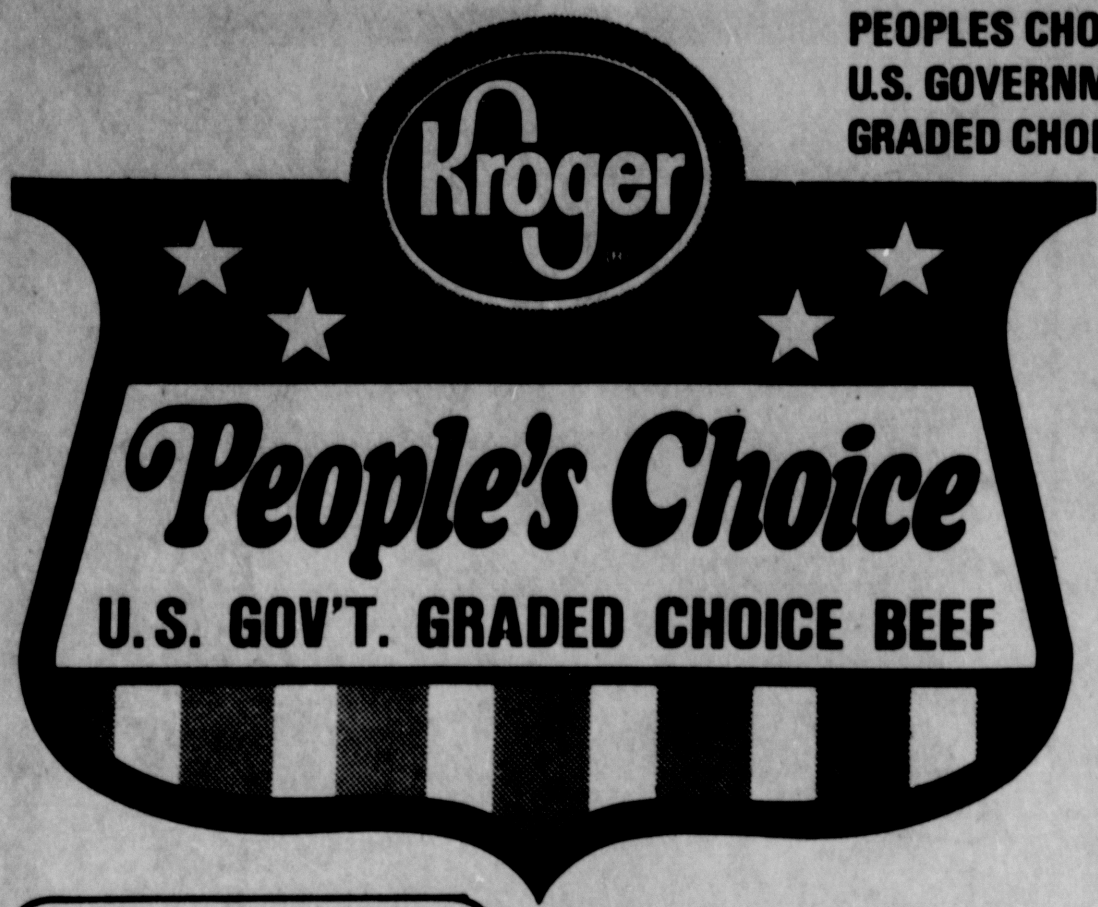

We notice food prices more, of course, because we buy food more often, and usually pay cash. But . . . food prices have actually gone up least of any major consumer expense.

Stastics don't lower prices, but they can help you see the whole picture

**See both sides
before
you
buy!**

Every fresh-cut morsel of our meat is packaged in clear plastic trays so you can see everything—the cut, amount of fat, and bone—from every side. No rewapping or labeling is necessary for freezing and these trays will not stick or leave fuzz on the meat.

See both sides before you buy!

Every fresh-cut morsel of our meat is packaged in clear plastic trays so you can see everything—the cut, amount of fat, and bone—from every side. No rewrapping or labeling is necessary for freezing and these trays will not stick or leave fuzz on the meat.
